FOR IMMEDIATE RELEASE

Foster City to Launch Free Speaker Series to Help Residents “Go Green”

Foster City, CA; July 1, 2010 – The City of Foster City and its Environmental Sustainability Task Force are thrilled to announce the “Go Green” Speaker Series, which will launch on **Wednesday, July 21**. This event series consists of bi-monthly educational events for Foster City residents and will highlight practical, cost-effective and environmentally beneficial actions for the home. Events are **FREE** and scheduled from 6:30 to 8:30 PM at the Foster City Council Chambers, 620 Foster City Boulevard.

The first seminar focuses on “Water-Wise Ways: Stopping the Drain on your Wallet” on Wednesday July 21 from 6:30 to 8:30 PM in the Foster City Council Chambers, 620 Foster City Boulevard. This seminar will help attendees learn about the most inefficient sources of indoor water use, what products are available to improve efficiency, and what rebates are available to save money and water.

Schedule Events – Subject to Change

Date	Topic
07/21/10	Water-Wise Ways: Stopping the Drain on your Wallet
09/15/10	The Energy Roadmap: Making the Most Cost-Effective Efficiency Upgrades to Your Home
11/17/10	Healthy at Home: Could Your House be Making You Sick?
01/19/11	Case Study of a Creative and Clever Re-User: How one person simplified her life and bought nothing new for a year
03/16/11	Smarter Gardens and Landscapes: Have a Beautiful View and Save Money Too
05/18/11	Get a Solar Home Now: How Installing Solar Can Power the World
07/20/11	The Home of the Future: the Passive House
