TUESDAY, FEBRUARY 24, 2009

WELCOME

For those members of the general public who are attending their first Foster City Planning Commission meeting, the following general information is offered.

At the beginning of each agenda item, the Chairman will read from the printed agenda and announce the type of application, location and applicant in the order in which they appear on the printed agenda. Presentations will then be made by City staff and the applicant, at the end of which the Chairman will allow the general public to offer their comments or ask questions regarding the application. At the end of presentations and questions or comments from the general public, the Planning Commission will discuss the matter and render a decision. Pursuant to Section 65009 of the California Government Code, if you challenge a Public Hearing item in court you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this Notice or in written correspondence delivered to the City at or prior to the Public Hearing.

Under Oral Communications From the Public, persons wishing to speak on any subject not on the agenda will have an opportunity to do so (please see Item #3, "Oral Communications From the Public").

The Planning Commission will conduct the meeting and all business that comes before it under the Rules For The Conduct of Business adopted by the Commission.

If you wish to speak, please fill out a Request to Speak form (available at the side of the room, near the door) and give it to any member of the Planning staff. Your request will be given to the Chairman who will call your name at the appropriate time.

EVIDENCE

Quasi-judicial Matters

California law requires that quasi-judicial matters be based on evidence. Applications before the Planning Commission involve matters that are quasi-judicial and therefore decisions must be supported by evidence.

In General

All oral, written or pictorial evidence to be considered by the Planning Commission must be received prior to a decision being rendered by the Commission. Written, documentary, or pictorial evidence shall be collected and kept by the City for record purposes, and must be made available to an applicant, appellant or the public prior to a decision being rendered by the Commission. Evidence received or submitted during a public hearing or public meeting while an item is being discussed and evaluated by the Planning Commission shall be deemed to have met this requirement.

Evidence submitted for the record and for Planning Commission consideration may take the form of oral testimony, written information, documents, pictures, video tapes, audio tapes, and similar information. All evidence submitted must be of a length that is practicable for use by Commission members, and depending on its length and how it must be accessed or the need for special equipment in order to access it, must be received in a timely manner so as to afford the Commission and the public a reasonable opportunity to evaluate it and to allow an applicant, appellant and/or the public an opportunity to discuss, question and rebut it.

Any written material, correspondence or documents provided to a majority of the Planning Commission regarding any item on this agenda after the agenda packet was distributed will be made available for public inspection in the Community Development Department at City Hall located at 610 Foster City Blvd., Foster City, 94404, during normal business hours and at the meeting.

Information not admitted into the formal record shall not be used in rendering a decision.

APPEALS

All actions of the Planning Commission are appealable to the City Council *within ten (10) calendar days of the date the action was taken*. All appeals must be submitted in accordance with Section 17.06.150, Appeal Procedure, of Title 17 of the Foster City Municipal Code (copies available at City Hall). The required appeal fee as adopted by the City Council must accompany an appeal to the Planning Commission of a decision of the Community Development Director (Planning Director) or an appeal to the City Council of a decision of the Planning Commission or it will be considered incomplete.
