Third Avenue to the north, Vintage Park Lake/Vintage Park Drive to the East, Bridgepointe Shopping Center/Home Depot in San Mateo to the south and Mariners Island in San Mateo to the west. Figure 1 depicts the location of the project site.

PROJECT DESCRIPTION AND BACKGROUND:

The proposed project would amend the Vintage Park General Development Plan to increase the allowed square footage of the 17 building Gilead campus from 629,154 square feet to a total of 1,200,480 square feet in 17 buildings. The proposed amendments to the Vintage Park General Development plan would create a Campus Master Plan for Gilead to include uses such as: offices, cafeterias, meeting spaces, laboratories, research development, pilot plant, manufacturing and warehouses; fitness facilities; increased total number of parking spaces (at grade and in parking structures); multi-story buildings; and separate vehicular and pedestrian circulation in order to create a pedestrian-oriented campus by partially closing off Lakeside Drive to through-traffic.

The public is invited to attend and to offer comments at the Public Hearing. The Public Hearing will be aired live on television on FCTV/Channel 27. Copies of the staff report will be available on November 25, 2009. Copies of project related materials, including the Response to Comments Document for the Environmental Impact Report are available on the City's website and for review Monday through Friday, between the hours of 8:00 a.m. and 5:00 p.m., at the Foster City City Hall, Community Development Department, 610 Foster City Boulevard, Foster City, California, 94404 except on specified holidays.
