Subject: Former Redevelopment Agencies (RDAs) with Unmerged Project Areas

Date:

February 3, 2014

Pursuant to H&S Code Section 34179, RDAs have the option of fiscally merging their project areas with Oversight Board (OB) approval. In situations where a former RDA's project areas had not been fiscally merged by its OB, our office performed Redevelopment Property Tax Trust Fund (RPTTF) distribution calculations at the project level consistent with the provisions of applicable RDA dissolution statutes. In some cases, this resulted in an RDA having one project area with residual where another had insufficient funds to cover its obligations.

After hearing concerns from affected RDA successor agencies (SAs), we requested clarification from the State Department of Finance (DOF) regarding the County Controller's discretion to distribute RPTTF funds at an RDA level opposed to the project level even when the project areas had not been fiscally merged by its OB. The DOF responded that, based on its understanding of the RDA dissolution statutes, the County Controller may calculate the total amount of tax increment based on project area and then transfer the sum of all project-area tax increment into one fund from which the SA then makes payments for enforceable obligations, regardless of project area. The DOF informed us that it does not believe that SAs must obtain OB approval to merge project areas to effect this arrangement. Having considered the DOFs perspective on this issue, the Controller's Office has determined that there is sufficient guidance to allow the distribution of RPTTF funds at an RDA level. We have made this change beginning with the January 2, 2014 (ROPS 13-14B) distribution.

Should you have further questions, I can be reached at (650) 599-1149. Thank you.

Sincerely.

Oversight Board of the Successor Agency City of Foster City

Date: February 12, 2014

To: Chair and Members of the Oversight Board

via: James C. Hardy, City Manager

From: Steve Toler, Assistant City Manager

subject: Resolution Approving an Administrative Budget for the ROPS 14-15A

Period of July 1 to December 31, 2014

RECOMMENDATION

It is recommended that the Oversight Board adopt the attached resolution approving an Administrative Budget for the Successor Agency for the July 1 to December 31, 2014 period (ROPS 14-15A) in an amount of \$85,500 that will be incorporated into the Recognized Obligation Payment Schedule (ROPS).

EXECUTIVE SUMMARY

Staff has prepared for Oversight Board consideration an Administrative Budget for the July 1 to December 31, 2014 period based on the projection for the that sixmonth period. The budget is prepared based on the anticipated administrative costs associated with handling the affairs of the Successor Agency. AB 1484 requires that a Recognized Obligation Payment Schedule (ROPS) for the July 1 to December 31, 2014 period be submitted to the Department of Finance (DOF) for approval by March 1, 2014.

BACKGROUND

H&S Code §34177(j) requires the Successor Agency to prepare an administrative budget for Oversight Board approval that includes:

- 1. Estimated amounts for successor agency administrative costs for the upcoming six-month fiscal period.
- 2. Proposed sources of payment for the costs identified in paragraph (1).
- 3. Proposals for arrangements for administrative and operations services provided by a city, county, city and county, or other entity.

The administrative budget is then presented as an administrative cost allowance in the ROPS for the six-month period [H&S Code §34177(I)(1)].

The Code defines "administrative budget" to mean "the budget for administrative costs of the successor agencies as provided in Section 34177" [§34171(a)]. There is no further definition of what comprises "administrative costs", other than indicating that "the successor agency shall pay for all of the costs of meetings of the oversight board and may include such costs in its administrative budget." [§34179(c)]

Further, H&S Code §34171(b) provides that the overall administrative cost allowance is "payable from property tax revenues of up to 5 percent of the property tax allocated to the successor agency for the 2011-12 fiscal year and up to 3 percent of the property tax allocated to the Redevelopment Obligation Retirement Fund money that is allocated to the successor agency for each fiscal year thereafter; provided, however, that the amount shall not be less than two hundred fifty thousand dollars (\$250,000) for any fiscal year or such lesser amount as agreed to by the successor agency."

ANALYSIS

In preparing the Administrative Budget for the Successor Agency, three (3) cost categories have been identified that should be considered by the Oversight Board in adopting an Administrative Budget:

- 1. City Staff Costs
- 2. Professional Services and other costs in support of Successor Agency functions
- 3. Professional Services and other costs in support of the Oversight Board

Staff has developed an Administrative Budget that is presented as Attachment 1 to this Staff Report. Each of the cost categories identified above are discussed below, with brief explanations of each item listed in the Administrative Budget.

City Staff Costs

Successor Agency staff are employees of the City of Foster City, and are covered under the terms of the Management Employees Compensation and Benefits Plan ("C&B Plan"). The current C&B Plan expires on June 30, 2014. It is anticipated a successor C&B Plan will be approved by the City Council prior to June 30, 2014, but it is not known at this time if any changes will be approved. However, it is known that CalPERS pension costs are expected to increase by about 2% for the employees that support the Successor Agency.

The staff that support the Successor Agency include: City Manager, Assistant City Manager, Finance Director, Community Development Director, and Accounting Manager

The salary and benefits costs for each identified employee supporting the Successor Agency are identified in the attached "Analysis of Directly Attributable Personnel Time Dedicated to Successor Agency Activities" (Attachment 2). A brief description of each item in that analysis is presented below:

- Chargeable Hourly Rate This represents the individual's hourly pay rate, their benefits overhead rate (which is developed based upon the benefits provided under the respective agreements with the employee groups and other employee-related costs such as workers compensation, Medicare, etc.), and the number of productive hours in a year (which is calculated for each employee based on 2,080 hours less vacation and sick leave benefits provided). It should be noted that these amounts have been updated to reflect the expected pension contribution rates based on the City's latest actuarial analysis of its pension obligations to CalPERS.
- Hours per Year the number of hours per year have been estimated for each employee. The budgeted hours assume that no further legislation beyond ABx1 26 and AB 1484 is enacted that would require additional meetings or reporting requirements, and that procedural or reporting requirements required by the State Department of Finance, the State Controller's Office, or the San Mateo County Controller's Office are consistent with current practices and level of effort on the part of Successor Agency staff.in two areas. It also assumes that the Oversight Board is not expected to meet more than just once during each ROPS period, in essence for the approval of the ROPS and Administrative Budgets of each subsequent ROPS period.

The projected hours were based upon a review of the actual hours spent by each position during the period from July 1 to December 31, 2013, adjusting for the significant time invested by the City Manager, Assistant City Manager, and Finance Director in preparing the lawsuit against the DOF relative to their findings on the DDR-AOF.

The total costs identified in terms of staff support for the Oversight Board during this ROPS 14-15A period is \$9,100.

Professional Services and other costs in support of Successor Agency functions

There are three (3) costs identified on an annualized basis that will support the Successor Agency staff in administering the functions of the Successor Agency. A brief description of each item follows.

Burke, Williams & Sorensen – (Total: \$70,000) This is a professional services agreement with this law firm to provide legal support in terms of enforcing compliance of the terms and conditions of the DDA's of the respective project areas, including affordable housing obligations as part of those DDA's. While the City has elected to retain the affordable housing assets and obligations of the former Agency, the tax increment of these project areas was designed to pay for the costs associated with ensuring developer compliance with the

terms of their respective DDA's. As such, these costs should be paid out of tax increment received from the former project areas, and the Oversight Board concurred with this approach in the prior Administrative Budget. Prior administrative budgets assumed a cost of \$15,000 for each ROPS period. However, given the signficiant amount of work performed by BWS on behalf of the Sucessor Agency relative to the lawsuit filed on the Successor Agency's behalf regarding the DOF's findings on the DDR-AOF, the anticipated billings from BWS in the coming ROPS Period is expected to be \$70,000.

- <u>Vavrinek, Trine and Day, LLP</u> (Total: \$3,000) This represent the costs associated with the audit of the financial records of the Successor Agency's funds presented on the City's Comprehensive Annual Financial Report.
- <u>Foster City Islander and/or San Mateo Daily Journal</u> (Total \$400) This
 presents various miscellaneous out-of-pocket costs associated with
 Successor Agency and/or Oversight Board business.

Professional Services and other costs in support of the Oversight Board

There is presently one cost identified for the ROPS 14-15A period that will support the Oversight Board in administering the responsibilities to the Successor Agency.

<u>Law Offices of Craig Labadie</u> – (Total: \$3,000) This is a professional services agreement between the Successor Agency and this firm to provide legal support to the Oversight Board in fulfilling its responsibilities under ABx1 26 and under AB 1484. The amount is a conservative projection based on prior billings.

Compliance with Law; Inclusion in ROPS

The overall proposed Administrative Budget represents costs that Staff believes are in compliance with the H&S Code. **The total proposed Administrative Cost Allowance is \$85,500.** This amount is less than the \$250,000 baseline amount required under the legislation.

It is recommended that this amount be included in ROPS 14-15A for the period July 1 to December 31, 2014. ROPS 14-15A is also on the agenda for consideration at this meeting.

The implementation of AB 1484 requires that ROPS 14-15A be submitted to the Department of Finance by March 1, 2014.

Oversight Board of the Successor Agency City of Foster City

From: Steve Toler, Assistant City Manager

subject: Resolution Approving a Recognized Obligations Payment Schedule for

the Period July 1 to December 31, 2014 (ROPS 14-15A)

RECOMMENDATION

It is recommended that the Oversight Board adopt the attached resolution approving a Recognized Obligation Payment Schedule for the period July 1 to December 31, 2014 ("ROPS 14-15A" or "ROPS").

EXECUTIVE SUMMARY

In accordance with California Health & Safety Code ("H&S Code") §34177(I), the Successor Agency has prepared ROPS 14-15A for the period July 1 to December 31, 2014. The ROPS is reflective of the actions taken by the Oversight Board and approved by the Department of Finance (DOF) relative to the ROPS from prior periods, and in this ROPS period includes repayment of the interperiod loan from the City of Foster City to fulfill the enforceable obligations anticipated to be paid in the ROPS 13-14B period as was approved by the Oversight Board and the DOF in that ROPS submittal, plus the Administrative Cost Allowance for the ROPS 14-15A period as proposed under the Administrative Budget submitted for Oversight Board approval under a separate agenda item at this meeting. The proposed ROPS is reflective of the format required by the DOF.

BACKGROUND

H&S Code §34177(I) requires that the Successor Agency prepare a ROPS every six months that reflects the enforceable obligations and the administrative cost allowance of the Successor Agency that are payable during that timeframe. The ROPS is then submitted to the Oversight Board for approval. Once the ROPS is approved, it is forwarded to the County Controller's Office for the allocation of tax revenues to support the payment of enforceable obligations and administrative costs. It is also submitted to the State Department of Finance, which has the authority to

review all of the items on the ROPS and request clarification and/or overturn the Oversight Board's actions relative to the ROPS.

ANALYSIS

The Oversight Board has previously approved five (5) separate ROPS since the dissolution of the former Agency. Based upon the discussions in terms of those prior ROPS, a new ROPS covering the period July 1 to December 31, 2014 has been prepared and is attached to this Staff Report.

Those ROPS's incorporated several enforceable obligations that were reviewed in detail. A brief summary of the items on this ROPS is provided below:

Project Area One

<u>SMUHSD</u> – In accordance with the Oversight Board's Resolution 2013-005 that approved a liquidation and payoff of the obligation with SMUHSD in an amount of \$1,484,000, the obligation was paid in full on December 31, 2013 and will no longer appear on this or future ROPS.

Marlin Cove Project Area

- <u>PWM Residential Ventures LLC</u> these represent the estimated payments required under the terms of the Disposition and Development Agreement (DDA) with the developer. There are no payments required in this ROPS period under the terms of the DDA. The total outstanding obligations for the agency grant, affordable housing subsidy, and utility subsidy are incorporated into this ROPS.
 - Agency Grant this was a fixed amount of \$109,794 for which final payment will be made in the 13-14B ROPS period and, as such, will no longer appear on the ROPS in future periods
 - <u>Utility Subsidy</u> this subsidy increases by a fixed 2% per year and is payable through 2029. A \$46,000 payment will be made in the 13-14B ROPS period, but there are no payments required during the 14-15A ROPS period.
 - Affordable Housing Subsidy this is an amount that is paid to the Developer equal to 30% of the final available tax increment (now RPTTF) for the project area. There are no payments required in this ROPS period. It should be noted that there is a great amount of uncertainty in regards to the amount that ultimately must be paid to the developer under the Affordable Housing Subsidy when the ROPS' in the January to June period each year are calculated, as the calculation of that amount is based upon final RPTTF revenues received from the project area properties (which is not known from the County Controller until after the ROPS of those periods are required to be approved), the AB1290 passthrough payments owed to other taxing entities (for which the County performs that calculation and is not received until after the

ROPS is approved), and the County property tax admin fees (which are based on the actual amount of RPTTF revenues collected and is not known until after the ROPS is approved). As such, Successor Agency staff takes a best-guess estimate of those amounts in the past. Staff made a conservative estimate based upon the assessment rolls provided by the County Assessor's Office of an amount for the ROPS 13-14B period of \$200,000. It should be noted that the projected calculation of the amount owed to the Developer based upon final RPTTF, AB1290 and County property tax admin fees is expected to be just shy of \$196,000, so the amount of RPTTF and/or City Loan funding of the amount included in the 13-14B ROPS period appears to have been sufficient to "make the developer whole."

Hillsdale/Gull Project Area

Prometheus Development – this represents the estimated payments required under the terms of the Disposition and Development Agreement with the developer. There are no payments required in this ROPS period under the terms of the DDA. The total outstanding obligation for the affordable housing subsidy is incorporated into this ROPS. As indicated above, there is a great amount of uncertainty in regards to the amount that ultimately must be paid to the developer under the Affordable Housing Subsidy, as the calculation of that amount is based upon final tax increment (now RPTTF) revenues received from the project area properties (which is not known from the County Controller until after the ROPS is required to be approved), the AB1290 passthrough payments owed to other taxing entities (for which the County performs that calculation and is not received until after the ROPS is approved), and the County property tax admin fees (which are based on the actual amount of RPTTF revenues collected and is not known until after the ROPS is approved). Successor Agency staff took a best-guess estimate of those amounts for the 13-14B ROPS period in an amount equal the maximum subsidy payable of \$233,659. It should be noted that the projected calculation of the amount owed to the Developer based upon final RPTTF, AB1290 and County property tax admin fees is expected to be approximately \$180,000, so the amount of RPTTF and/or City Loan funding of the amount included in the 13-14B ROPS period appears to have been sufficient to "make the developer whole."

Administrative Cost Allowance

• All Project Areas –The amount in this ROPS period of \$85,500 is based upon the recommended Administrative Cost Allowance Budget as presented in a separate staff report to the Oversight Board at this meeting. It should be noted that there existed a projected \$4,229 in excess reserves related to amounts from the disposition of the agreement with SMUHSD that were held by the Successor Agency as per the approval of the DOF of the Due Diligence Review – All Other Funds. It is recommended that as part of this ROPS 14-15A that \$4,229 in excess reserve balances be applied towards the Administrative Cost Allowance, with the balance of \$81,271 coming from RPTTF funds.

Loan Borrowing from and Repayment to City of Foster City

- Loan Borrowing and Repayment In the ROPS 13-14B approved by the Oversight Board and the DOF, it was recommended and approved that any deficiency in RPTTF funding available to liquidate enforceable obligations in that period be covered under the terms of the loan agreement the Successor Agency and the City of Foster City dated September 10, 2012. Based upon Staff's calculation of the projected deficiency in RPTTF funds from the prior ROPS periods, the outstanding loan balance as of June 30, 2014 is projected to be \$239,652. Accordingly, this amount has been included in the ROPS 14-15A period from RPTTF funding.
- Loan Repayment As indicated earlier, the Successor Agency staff attempted to adhere to the Oversight Board's desire to ensure that the developers were not harmed as a result of the implementation of ABx1 26 and AB1484. To that end, and as indicated earlier, staff paid the developers the amounts that were due them as a result of the final net RPTTF amounts available per the terms of their respective DDAs. As a result, the amount paid to Prometheus Development exceeded the amounts authorized in the ROPS 12-13B and the ROPS 13-14A to a difference of \$28.693. Subject to the Oversight Board's approval of the separate resolution concerning the approval of the loan in this amount, staff has included this amount in the ROPS 13-14B.

Subject to approval of the attached resolutions, the final ROPS will be transmitted to the State Department of Finance for approval by the deadline of March 1, 2014, and will also be transmitted simultaneously to the San Mateo County Controller's Office and the State Controller's Office.
