Foster City is a caring community that wants the best for its residents. That's what I want for my family. It's why I live here with my wife, Reina, and our children Nikko and Ciara. It's why I serve on the City Council.

While serving, I championed causes to make our community safer, healthier, and fiscally sound.

I helped enact a smoking ban, authored a new economic improvement plan, and passed a balanced budget for 8 straight years. We have grown our reserves from \$11 million in 2011 to a record \$92 million. Just this year we have budget surplus of \$6.6 million. Together, we successfully passed the Levee Bond to protect your homes.

Recently, I have been under attack by internet bullies promoting misinformation, lies, and unfair accusations which has culminated in a costly recall effort that I must fight.

I must ask for your support one last time in the form of a NO vote on the Recall.

I have delivered on my 2011 and 2015 campaign promises, and with your help, a no vote on the recall, I will continue to safeguard our quality of life and work until the end of this year.

Thank you,

Herb Perez
