RECEIVED

14 I have lived in Foster City over 20 years and would not live anywhere else!

14 As a Foster City council member, I will assist my fellow council members to make Foster  
15 City the best city to reside. Partial goals are to maintain property values for fellow  
13 residents, reduce costs in the maintenance of our city, resolve traffic congestion and  
12 slow down over building. I strive for transparency between homeowners and elected  
6 officials in the operation of Foster City.

13 With 40 years experience in finance and business, my experience in operating budgets,  
8 financial statements, taxes, annual reports, insurance coverage, policy  
12 statements, disclosures, and property maintenance will aid in decision making for the  
3 benefit of Foster City.

15 My motto, Get it done! Represent Foster City and do right for both Foster City and its  
16 residents. As an independent thinker, know the facts and make a decision to get it done.  
3 Presently volunteer as Treasurer of a homeowners association.

7 Thank you for your vote and support!
