Foster City Community Center,
1000 East Hillsdale Boulevard

Traffic Relief Pilot Program

We've heard you! At last year's community meeting on transportation & mobility, there were concerns about cut-through traffic on Foster City's local streets. Join City staff and fellow commuters to discuss a potential pilot program to address traffic congestion down the City's main corridor – East Hillsdale Boulevard.

Light refreshments will be provided.

For more information, visit:
sustainable.fostercity.org/cds2018 or call (650) 286-3220.
