

# ALLIGATORZONE®, WHERE KIDS MEET COOL STARTUPS,

presents an uplifting and enlightening event-program where kids and teens learn through direct interaction with innovative startups presented by the founders themselves, while exchanging perspectives in honest conversations. At AlligatorZone, school-age kids (ages 7–17) and accompanying family members get a peek into the work of entrepreneurs who are creating the future. AlligatorZone's mission is to empower parents and educators to help kids prepare for careers that don't yet exist. Your kids will enjoy connecting the dots between lessons they learn in STEM and STEAM education at school and their real world applications by entrepreneurs. Visit [AlligatorZone.org](https://AlligatorZone.org).

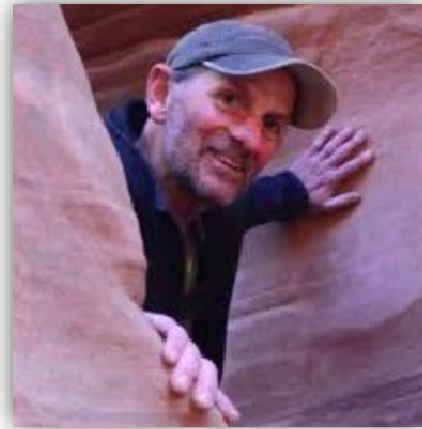

**This FREE FAMILY-FRIENDLY STARTUP EVENT in Foster City, CA, at 2 pm, Saturday, April 20, 2019, will feature:**
