EXHIBIT A

(Conditions attached to amendment of roof materials and colors of the Antigua Planned Development by Planning Commission on November 2, 2006)

1. All construction shall be designed, constructed, installed and maintained in a professional manner and appearance.
2. All materials and colors shall be as approved. Once constructed or installed, all improvements shall be maintained in accordance with the approved plans. Any changes which affect the exterior character of the work shall be resubmitted for approval. The construction or placement of unapproved features or unapproved changes to buildings or structures which were a part of approved plans can and will result in the issuance of a "Stop Work Order" by the City, the need to revise plans and obtain City approval for all changes prior to recommencing work, and the possibility of penalty fees being assessed for unauthorized work.
3. All vents, gutters, downspouts, flashings, etc. shall be painted to match the color of adjacent surfaces. No electrical conduits or similar piping shall be allowed on the exterior of the building unless approved prior to installation by the Community Development Director.
4. Prior to any final building inspection approval, any imposed conditions and all improvements shall be completed to the satisfaction of the City.
5. The roofing materials allowed for re-roofing in the Antigua Planned Development are:
 - Wood shake
 - GAF Grand Sequoia composite shingle (minimum 6mm thickness) in the *Autumn Brown Blend*, *Charcoal Blend* and *Slate Blend* colors.

The Autumn Blend roofing color may only be used with Color Schemes #6 or #7 as indicated on the list of "Approved Exterior Paint Color Schemes" labeled, Exhibit B, attached.

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF FOSTER CITY APPROVING A USE PERMIT MODIFICATION REQUEST TO AMEND THE APPROVED MATERIALS AND COLORS FOR RE-ROOFING OF RESIDENTIAL UNITS IN THE ANTIGUA PLANNED DEVELOPMENT IN NEIGHBORHOOD 7 – ANTIGUA HOMEOWNERS' ASSOCIATION – UP-84-010D

CITY OF FOSTER CITY PLANNING COMMISSION

WHEREAS, the Antigua Homeowners' Association has requested Planning Commission approval to add the GAF Grand Sequoia Composite Shingle in the Autumn Brown Blend color to the list of approved re-roofing materials for the residential units in the development; and

WHEREAS, the proposal has been determined by the Community Development Director to be categorically exempt from the California Quality Act of 1970; and

WHEREAS, the prototype approval granted by the Planning Commission in 2000 allowed roofing material with a "40-year Warranty" and the manufacturers have subsequently relabeled this material with a different warranty; and

WHEREAS, a 6mm thickness is equivalent to the previously approved "40-year Warranty" material; and

WHEREAS, a Notice of Public Hearing was duly posted, published, and mailed for consideration of the Use Permit Modification request at the Planning Commission meeting of November 2, 2006, and on said date the Public Hearing was opened, held and closed.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission, based on the facts and analysis in the Staff Report, written and oral testimony, and exhibits presented finds:

1. The proposal to add the GAF Grand Sequoia Composite Shingle (minimum 6mm thickness) in the Autumn Brown Blend color to the list of approved materials for the re-roofing of houses in the Antigua Planned Development, as conditioned in Exhibit A, would be consistent with the Foster City General Plan, Chapter 17.12 (R-1 Single-Family Residence District) and Chapter 17.36 (PD Planned Development District) of Title 17 (Zoning), and Chapter 2.28 (Planning) of Title 2 (Administration and Personnel) of the Foster City Municipal Code, because the material and color: 1) will be sympathetic to the character and style of the existing house and will be designed to be harmonious with the existing neighborhood and therefore, will promote "proper architectural design and property maintenance" and will preserve "the quality of the City's residential neighborhoods" as stated in the Land Use and Circulation Goals (LUC-A and LUC-B) and Land Use Policies (LUC-38 and LUC-39) contained in the Land Use and Circulation Element of the Foster City General Plan; 2) will be appropriate for houses in the development and will be consistent in design and character to other houses in the vicinity, consistent with Section 2.28.110 of the Foster City Municipal Code; and 3) will enhance the appearance of the development and the neighborhood by providing a compatible material and color for the re-roofing of houses within the planned development.
2. That the proposal would be consistent with and appropriate to the City, the neighborhood, and the lot on which they are proposed because the proposed material and color, as conditioned, will complement the existing architecture of the development

and the resulting relationship will be complementary to the colors used in the Antigua Planned Development.

3. That the proposal is compatible with its environment with respect to materials, colors, design, or similar qualities as specified in Section 17.58.010, Intent and Purpose, of Chapter 17.58, Architectural Control and Supervision, of the Foster City Municipal Code because the proposed material and color, as conditioned, will complement and enhance the architectural elements and the existing building and roof colors and materials of the residential units in the planned development.
4. That the proposal will not, under the circumstances of the particular case, be detrimental to the health, safety, morals, comfort and general welfare of the persons residing or working in the neighborhood of such proposed use, and will not be injurious or detrimental to property and improvements in the neighborhood, property values in the area, or the general welfare of the City because the proposal, as conditioned, will not adversely affect the existing appearance of the development, will meet the requirements of Section 17.58.010, Intent and Purpose, of Chapter 17.57, Architectural Control and Supervision, of the Foster City Municipal Code, and therefore, will not have any significant visual or property value impacts to the adjacent properties, the streetscape, or the neighborhood.

BE IT FURTHER RESOLVED that the Planning Commission approves UP-84-010D, subject to the conditions in Exhibit A attached hereto and incorporated herein.

PASSED AND ADOPTED by the Planning Commission of the City of Foster City at a Regular Meeting thereof held on November 2, 2006, by the following vote:
