Foster City Residents for Responsible Development

Recipient: The City Council and Planning Commission of Foster City

Letter: Greetings,

We oppose any additional high-density residential units until all previously approved construction projects are completed and we can evaluate their impact on Foster City's overcrowded schools, traffic congestion, and limited potable water resources.

Comments

Name	Location	Date	Comment
Robert Cushman	San Mateo, CA	2014-11-17	The soul of Foster City is being sold for growth
Phyllis Moore	Foster City, CA	2014-11-17	Our schools are already overflowing, streets are jammed, we have another 1200 housing units being built. Enough is enough at this point. We need to live with the effects of mass growth that prior councils supported before more crowding is approved without addressing the existing infrastructure.
Lori Fineman	Foster City, CA	2014-11-17	I oppose more construction until we see the impact of what is already being built. This is impacting our quality of life here in Foster city
Gretchen Kiser	FOSTER CITY, CA	2014-11-17	The school cannot absorb more children and I already have to account for an additional 10-15 minutes on my commute in the morning just to "get out of" Foster City.
Michelle Cabral	Foster City, CA	2014-11-17	Please no more building in Foster City until projects already underway are finished.
Robert Nelson	Foster City, CA	2014-11-17	Mainly for two reasons: (1) traffic congestion that will be caused in a city whose "terminal population limit" is being compromised/threatened; and (2) because the increased number of school-age children cannot be accommodated in the already overcrowded schools.
Debra Shaw	San Mateo, CA	2014-11-17	I oppose the projects
Peter Traugot	San Mateo, CA	2014-11-17	Enough is enough. Tell these developers to IMPROVE what they have and stop being slum loads.
susan linkhorn	Foster City, CA	2014-11-17	We MUST complete and occupy the already-approved housing and evaluate the huge impact it will have on our city.
David (Miles) Goldstein	Foster City, CA	2014-11-17	We already have far more new housing being built than we "need" for the next 20 years. We have insufficient school rooms, insufficient water, and far too much traffic already to support yet more housing units of any type. Let's please stop this madness while we absorb the several in-flight projects.
Zhenyu wang	Foster City, CA	2014-11-17	Hate traffic and noise, hence lower quality of my community
Larry Jacobs	Redwood City, CA	2014-11-17	We need a school expansion before housing expansion.
Nina Aggarwal	Foster City, CA	2014-11-17	Overcrowding!! it seems so unfair our kids can't get into their district schools due to the current issue.. more housing will not help this.
Jill Anderson	Foster City, CA	2014-11-17	Foster City does not have the infrastructure to support the additional influx of people and cars. Do not allow our lovely community to be exploited by greedy developers, who couldn't care less about our quality of life.
Gabrielle de Magliane	San Mateo, CA	2014-11-17	I support a moratorium on all new housing projects in Foster City. Already approved projects are turning this lovely town into a bedroom community. This is NOT what residents who are paying the higher property taxes on individual homes want. Let's defend our quality of life, and the market value of our houses. Thank you,
Marcus Littman	Foster City, CA	2014-11-17	Until we have additional educational resources placed on the table to address the tremendous growth of the residential population in FC, I am strongly opposed to any additional housing being built. Our schools are already overcrowded, and there are currently no approved plans to build new or expand the existing elementary and middle schools to accommodate new families.

Name	Location	Date	Comment
Tammi Aaker Plante	San Mateo, CA	2014-11-17	There is a great deal of current development that requires completion and evaluation before additional projects should be approved.
Maria Pietsch	Rocklin, CA	2014-11-17	I lived in Foster City for 29.5 years. (1975-2005) The city must have being doing things right. Both my children (born and raised in Foster City) currently own homes in Foster City and one has children of his own. They want the same experiences they had for their families. It's why they are still their. The impact of more housing is going to change the dynamics of a beautiful city and not for the better.
Carolyn Bunje	San Mateo, CA	2014-11-17	I oppose any more building projects in our town until the many, presently approved and started, are completed.
Donna Washburn	Foster City, CA	2014-11-17	I have lived in FC since I moved to CA in 1997. The small town feeling that it had is one of the things that drew us there. Now... with all the over building, the schools are terribly over crowded and the traffic on Hillsdale (especially in the evening commute) is that of a much larger town. Let's try to maintain the charm of this town and stop building without regard to the residents already here.
Jeanette Carter	FC, CA	2014-11-17	This is absurd!! The high density that is already being built is a disgrace to FC. And now you expect our nice little town to be able to support the traffic & school students that this new project will incur?! Is everyone out of their minds?!!!!
Неатерина Grodnensky	San Mateo, CA	2014-11-17	I'm signing to say NO to any new building at eage water and E Hillsdale Blv location!
James Odell	Foster City, CA	2014-11-17	I'm opposed to additional high-density residential units until we can figure out how to reduce congestion in our schools.
rod stewart	foster city, CA	2014-11-17	Too much too fast. Planning is about the future. Lets find out what our present is before adding more future.
Aileen Catanzarita	Foster City, CA	2014-11-17	It was VERY clear at the October meeting that the people of Foster City have a great deal of opposition to new developments because of the negative impact new growth is having on our community.
Marilyn Canon	Foster City, CA	2014-11-17	This is important to me because I live in Foster City. I grew up in a Chicago apartment building and I do not want to have my community surrounded by numerous apartments.
Susan Washburn	Foster City, CA	2014-11-17	This really needs to come to an end, the amount of apartment complexes in Foster City is baffling and none of them are even at full capacity!! Why build more when so many are empty?? It's ridiculous.
Jewgo Min	San Mateo, CA	2014-11-17	What part of the 13 Oct 2014 Foster City Council Special Meeting don't these developers understand? Even my dog understrnads perfectly that we don't want any more traffic gridlock, elbow to elbow kids in school, more water rationing, living, if you can call it living, stacked upon each other, and generally making our first class city into a third world non-city.
Jon Miller	Foster City, CA	2014-11-17	No more new housing projects should be approved until all those currently under construction are completed and their effects of school, traffic, quality of life, etc. are assessed. That is the prudent thing to do. These developers won't go away. In the future, if the City decides to allow more housing to be built, the City will see developers lined up at the door of City Hall.
Karen Tunnell	Foster City, CA	2014-11-17	We don't need more housing at this time considering all the building developments at Trton and E. Hillsdale. We have not solved our school problem, water problems will not improve for several years, if at all. In addition, more apartments is slowly turning this into a community of people who have no vested interest in the quality of life in our tow.

Name	Location	Date	Comment
Diane Phillips	San Mateo, CA	2014-11-17	Enough already. It is almost impossible to get out of here in the morning. I MIGHT feel differently, if there was an exit at the southern end of the city. I'm tired of school bonds due to overcrowding and then add in more residents who have kids but because they are renters, don't pay property tax directly.
Diane Robertson	Foster City, CA	2014-11-17	I want a "wait and see period with current construction to see the effect before deciding on new house.
Wayne Bayliff	Foster City, CA	2014-11-17	Foster City is rapidly becoming congested city.
Gayle FLanagan	Foster City, CA	2014-11-17	I don't like all the new high density units I'm seeing going up and the high density traffic these new residents are causing.
Mary Ann Sorensen	Foster City, CA	2014-11-17	Traffic congestion, water consumption, overcrowded schools
Nancy Feldstein	Foster City, CA	2014-11-17	I am against more high density housing. We need to slow down and look at the long term ramifications of increased traffic, overcrowded schools, less drinkable water, more pollution. When we get more public transportation and can work with the City of San Mateo on regarding the impact on traffic, schools, medical facilities, police, fire response times and other Quality of Life issues that have been touted by the City of Foster City since it 's inception.
Connie Vial	Foster City, CA	2014-11-17	I am signing it because I do not want any more new apartments until the traffic gridlock , school over crowding and water shortage issues are resolved . Foster City can't afford any more people!
Philip Chang	Foster city, CA	2014-11-17	The water and sewer charge will going up, which is already high, due to increase population. City will definitely use this excuse to rise the charge.
Nancy Charlow	San Mateo, CA	2014-11-17	I teach in Foster city. We can not accommodate more kids
Amy Bergstrom	Foster City, CA	2014-11-18	I'm signing because my family and I are saddened by what Foster City is turning into....a HUGE, overpopulated, not quaint anymore city!! We moved here because the community was small and close knit, now it's getting out of control with to many people, traffic and very worst of all our schools are completely overcrowded. So SAD and angry about this!
Steve Gajewski	San Mateo, CA	2014-11-18	The schools are full in FC already the last thing we need is more kids with no school places for them.
Monica Smith	San Mateo, CA	2014-11-18	Hillsdale can not withstand any more traffic. It takes 30 minutes to get from El Camino into foster city from 5-7 at night
Joanne Becker	San Mateo, CA	2014-11-18	I am opposed to any additional high density housing at this point in the process.
Sari Spector	Foster City, CA	2014-11-18	Foster City has no more room for MORE housing. ENOUGH!!!!
Wei You	Foster City, CA	2014-11-18	Stop building
Jadelyn Chang	San Mateo, CA	2014-11-18	No more housing! Schools need to be a priority for the City of Foster City!
Laura Zhu	Foster City, CA	2014-11-18	Please, no more housing units!
Suzanne lawer	foster city, CA	2014-11-18	I don't think that there should be any more new housing construction in Foster City or San Mateo. Our roads are congested and there's no room to build more. And we definitely don't want anyone building up. We need responsible remodeling and rebuilding. No high-density building.
Wei Xiao	San Mateo, CA	2014-11-18	The traffic is already very congested. Stopping building high density residences.
Sharon Schwartz	Foster City, CA	2014-11-18	We need to evaluate crowding of schools and roads of current projects before allowing new construction of residential units.

Name	Location	Date	Comment
Alan Lee	Foster City, CA	2014-11-18	Please! No more! Why do we need to keep building?
Kim Piper	Foster City, CA	2014-11-18	I don't want foster city to become a "big" city. There is already too much traffic and no space in schools!
Amit Khare	thousand oaks, CA	2014-11-18	I want my city to remain vibrant and beautiful
michell salamanca	San Mateo, CA	2014-11-18	I'm signing because I oppose additional high density residential units until all previously approved construction projects are complete and lived in. Time will allow the city to evaluate the new growth and impact on Foster City's overcrowded schools, traffic patterns and congestion and water usage.
Seth Goldberg	Santa Clara, CA	2014-11-18	Because our infrastructure is maxed out already. We cannot handle more load without first upgrading the infrastructure, especially schools.
David Johnson	Foster City, CA	2014-11-18	The development of additional housing units is against the interests of existing residents (for all the reasons cited), and will do nothing to lower housing costs, because not enough units will be constructed, and density will be insufficient. The Bay Area needs millions of units of high density housing for residents who will not own cars, who could use the transit options provided by employers (Google buses) or live on campuses integrated with these campuses. New housing in the Bay Area should be rushed to market in vast numbers, but only in concentrated car free areas, regionally coordinated, in high-rise urban densities where individual car-ownership is banned. This is the only way not to become Los Angeles. Everything else should be opposed, and a regional solution is the only way forward.
Deno Milano	Foster City, CA	2014-11-18	I'm tired of the congestion
Inna Zatulovsky	Foster City, CA	2014-11-18	It is already impossible to get out from Foster City in case of the earthquake or an accident. Let's not make it worth.
Nancy Gordon	Foster City, CA	2014-11-18	I wish to see that retailers fill the two uncompleted and one completed complex prior to adding another complex
Eva Corral	Foster city, CA	2014-11-18	Overcrowded, schools impacted, diminishing reason why we moved here!!!
Efim Gelfand	Foster City, CA	2014-11-18	Adverse effect of the housing, schools and trafic
Marianna Sefanov	Foster City, CA	2014-11-18	Additional high-density residential units will have negative affect on our traffic, schools (where even now not enough places for kids from Foster City) and our day to day life. I live in Foster City for over 28 years. My 3 children grow up here and I don't wont to see our quality of life to decline. We will be forced to move out from Foster City as many other families. Please, try to save Foster City!
Michelle Ahlstrom	Foster City, CA	2014-11-18	we do not have room for any more apartments. Until we can build more schools or put more thoroughfares for the traffic, it does not make sense to add more housing!!!
Loni Ye	South San Francisco, CA	2014-11-18	I treasure the right balance of housing and public space in Foster City, and I belief tipping the balance will destroy the appeal of our city.
Felix Scherbin	Foster City, CA	2014-11-18	Overcrowded schools, traffic congestion, and limited potable water resources.
Diana Scherbin	Foster City, CA	2014-11-18	To keep the right balance of housing and the city's public places and public services
Martine Godfroy-Cooper	Foster City, CA	2014-11-18	Traffic congestion is already a big concern, which has a deleterious effect on the expected life style Foster City is offering. Furthermore, the level and quality of public resources (school, stores) is already quite limited and will also suffer from a trade-off between public facilities and housing
Yelena Sandler	Foster City, CA	2014-11-18	Very concerned

Name	Location	Date	Comment
Joseph Pavao	Foster City, CA	2014-11-18	We continue to get more and more congested in Foster city, our schools are reaching very low levels of teach to student ratio's and CA's budget keeps cutting out more and more activities for our kids.
Yevgenia Volchegursky	San Mateo, CA	2014-11-18	traffic congestion, it's the huge problem already to get in/out FC going to work and back
Aurora Tolentino	San Mateo, CA	2014-11-18	To preserve the quality of life in Foster City.
Sanjay Hegde	Foster City, CA	2014-11-18	Foster City Schools and Roads are already congested. It doesn't make sense to add more residential units at this time.
varda levy	foster city, CA	2014-11-18	The traffic during rush hour is horrific. The schools ate at their capacity! No more housing
Allene Ball	Foster city, CA	2014-11-18	The actions speak for themselves...
Vladimir Gorbis	Foster City, CA	2014-11-18	We need more small businesses in Foster City, not residential housing.
Akiko Koide	Foster City, CA	2014-11-18	We need to solve traffic and school issue first before increasing residents in foster city.
Manolete Concepcion	Foster City, CA	2014-11-18	Overcrowding
Mary Ellen Noonan	Foster City, CA	2014-11-18	We need to protect our City from overcrowding & traffic .congestion
Elaine Fein	Foster City, CA	2014-11-18	Traffic congestion is already bad. In case of a catastrophe such as an earthquake, it will become impossible for the residents to get out of town if more units are built bringing in more people into Foster City.
Alison LeBlanc	San Diego, CA	2014-11-18	I am signing this petition because I do not want any more high-density housing built in Foster City.
Lisa Craft	Foster City, CA	2014-11-18	We don't need any more new buildings in Foster City, thank you.
Bonnie Radojevich	Foster City, CA	2014-11-18	Enough is enough. Do you want to turn us into a crowded San Mateo? How many rental apartments do you think we need? You should be ashamed of yourselves for approving that monstrosity at the corner of Hillsdale and Foster City Blvd. What caliber of people live in apartments overlooking a gas station? You are ruining Foster City. NO MORE APARTMENTS. How about asking Harbor Cove to modernize the hundreds of apartments they already have. They are looking pretty dated.
Joe Holmes	Foster City, CA	2014-11-18	I hate these new apartment's! they're making Foster City look cheap, and we `cannot` sustain this growth...
Erika Rojas	Foster City, CA	2014-11-18	I oppose any additional residential units. We need to look into more schools and no more housing.
Georgina Manning	Foster City, CA	2014-11-18	Overcrowding
Dmitry Koltun	Foster City, CA	2014-11-18	Impact on schools, traffic, overcrowding, even parking is tough these days!
Pengfei Cheng	San Mateo, CA	2014-11-18	There's no more spaces for extra students in Foster City. Please stop any new construction.
Abhay Kumar	Foster City, CA	2014-11-18	The time it takes to get through the long line into the East Hillsdale exit these days is as long as it used to take to make the trip all the way to Audubon Elementary for a pickup as recently as two years ago. You need to take into account the ability of the existing infrastructure to handle what appears to be a rabid rash of unabated construction of high density buildings.
Shirley Rohe	Foster City, CA	2014-11-18	Traffic & water
Lance Ichikawa	Foster City, CA	2014-11-18	Foster City doesn't have enough water...

Name	Location	Date	Comment
bokai xia	foste city, CA	2014-11-18	Stop being too greedy! A few rich people and the city itself want to make more money at the cost of vast majority Foster City residents who will suffer tremendously from traffic congestion, lower school quality.
Barry Griest	Foster City, CA	2014-11-18	More high-density housing will worsen the already noticeable, undesirable effects of too many cars and not enough school capacity.
carole larsen	Foster City, CA	2014-11-18	Foster city does not need more people. Once considered a safe area, it will turn to overcrowding which will hinder the quietness and tranquility of a small community.
Ling Zhang	Foster City, CA	2014-11-18	Traffic & water is a big concern!
Kyle Sun	San Francisco, CA	2014-11-18	Please solve the school/traffic/water problem before permitting any new residential units
Anna Lee	San Mateo, CA	2014-11-18	overcrowded of schools for our kids.
John Frye	Foster City, CA	2014-11-18	We don't need more traffic and we certainly don't need more stress on our already over crowded schools.
Robert Lee	San Mateo, CA	2014-11-18	Traffic out of Foster City is already horrid during rush hour and our schools are at over capacity as it is.
Archana Koul	Foster City, CA	2014-11-18	I am signing as it is going to overcrowd this city and also there will be a huge fight getting our kids enrolled in schools
Anatoly Volchegursky	Foster City, CA	2014-11-18	traffic congestion and quality of life
Sudip Chattopadhyay	Foster City, CA	2014-11-18	Foster City cannot take any more new dense housing. Traffic and schools are the main concerns.
Woon Chan	Foster City, CA	2014-11-18	I oppose any additional high density residential units until all previously approved construction projects are completed to evaluate the impact on the schools, traffic congestion and the residents' quality of life
Shengle Lin	Foster City, CA	2014-11-18	Too much traffic!!!
lillian manuel	Foster City, CA	2014-11-18	Enough Density/Greed-- What was FC meant to be? A comfortable life style on a lovely area with neighbors enjoying/appreciating each other-Not gross development to enrich the developers. Donot let it happen!
Hongbing Zhang	Foster City, CA	2014-11-18	I oppose any high density homes since foster city is badly crowded.
Susan Hoo	San Mateo, CA	2014-11-18	Traffic and school over crowding
Dina Pitchkhadze	San Mateo, CA	2014-11-18	Impact our schools
Jennifer Lo	San Mateo, CA	2014-11-18	I oppose further construction of residential units in Foster City. As it is, our schools are overcrowded. It's irresponsible to approve any further residential projects without enhancing the infrastructure to support the demands.
Coral Starobin	Foster City, CA	2014-11-18	There is enough traffic in this city. Today at 7:15am it took me 15 minutes to get on the freeway. Ambulances will not be able to get in or out of the city in peak traffic times. That could be your mother, father , sister, brother , daughter etc in that emergency vehicle. Think about it!
Ria Mulvaney	San Mateo, CA	2014-11-18	NO more new/additional housing in Foster City.. NO MORE TRAFFIC ON OUR Foster City ROADS!!!!!! SOLVE the traffic nightmare... Harbor Cove needs to update the apartments that they do have - not add more..
Jimmy Hou	Foster City, CA	2014-11-18	I don't want Foster City to be more crowded.

Name	Location	Date	Comment
Yang Wang	Foster City, CA	2014-11-18	Already crowded in Foster City.
Christine Sarmiento	Daly City, CA	2014-11-18	I love the solemnity of foster city. It feels so at ease even when you just passed by, and I always go biking and visit my friends..
Lars Larsen	Foster City, CA	2014-11-18	Enough is enough
Patricia Courtney	Foster City, CA	2014-11-18	The traffic conditions in FC are terrible as it is. The schools are already at their limit. Enough already!
Jessica Morales	Foster City, CA	2014-11-18	We don't have the resources in place to support more housing.
peggy brady	foster city, CA	2014-11-18	I'm against more housing -- in a planned community. We already have overcrowded schools and traffic congestion and limited water resources.
Raji Sreehari	Foster city, CA	2014-11-18	Resolve existing over-crowding problems in schools and road before even thinking of adding more residential units.
Noam Kedem	Foster City, CA	2014-11-18	Please do not even consider any new housing in Foster City until the San Mateo / FC school district overcrowding, city exit/entry & roads congestion, and infrastructure aging issues are addressed for the welfare of the city.
Mitch Drangle	San Mateo, CA	2014-11-18	I agree with the petition
Michelle Booth	Foster City, CA	2014-11-18	I am disappointed that the city continues to engage in any further discussions that involve additional housing in our wonderful town. We can only preserve the way of life we all value here by keeping the population down.
Bruce Mork	foster city, CA	2014-11-18	Traffic overburdening hillsdale at commute hour now!
Kang Hu	Foster City, CA	2014-11-18	Please keep our kids safe! No more high density housing, no more traffic!
Eve Visconti	Foster City, CA	2014-11-18	NO MORE high-density housing in Foster City. The infastructure can't take it! Traffic, schools, water, quality of life!
Jeremy Chai	Foster City, CA	2014-11-18	I live in Foster City, and impacting the schools with more kids will not do any good.
Karl Steinbrecher	San Mateo, CA	2014-11-18	Already overloaded
Sita Motipara	San Mateo, CA	2014-11-18	Current traffic and school enrollment already have exceeded the capacities that the City can handle. Any more residential development will only worsen the conditions with no possibility for reversal. Let us not punish this small and lovable City and it's long time residents with unbearable headaches of the big Cities. No more new residential additions and developments.
Randy Lee	San Mateo, CA	2014-11-18	I don't want anymore units in Foster City. I am already very upset about the current construction.
Gary Jew	Foster City, CA	2014-11-18	We need shopping and restaurants still.
Grover Davis	Foster City, CA	2014-11-18	The City is getting over crowded, schools,and traffic.
Frieda Genauer	San Mateo, CA	2014-11-18	I agree that there is too much construction going on. More than I've experienced during my 17 years living in foster city.
La Donna Ford	Foster City, CA	2014-11-18	Schools are ridiculously overcrowded, traffic congestion at Edgewater/Hilldale is already crowded with pedestrians running across Edgewater to their cars outside of crosswalks.
Tina Marie	San Mateo, CA	2014-11-18	We oppose any additional high-density residential units until all previously approved construction projects are completed and we can evaluate their impact on Foster City's overcrowded schools, traffic congestion, and limited potable water resources.

Name	Location	Date	Comment
Kurinji Kannan	San Mateo, CA	2014-11-18	I believe too many high density residential units cannot deplete natural resources like water and air.
Helena Silva	Foster City, CA	2014-11-18	To avoid overcrowded school and traffic jam in our city.
LAN Jiang	Foster City, CA	2014-11-18	I am very concerned about the ongoing construction and their impact on the issues Foster City already facing such as over crowded school, safety, water consumption, quality of life, housing value etc. I do not want to see it turn into a circus.
Katherine Yang	Foster City, CA	2014-11-18	We need to take a comprehensive look at the impact of the construction already underway before any new housing is added.
Norm Schmidt	San Mateo, CA	2014-11-19	There are already too many high density residential projects underway.
MARTHA MELTON	FOSTER CITY, CA	2014-11-19	TRAFFIC, SCHOOLS OVER CROWDED
Elizabeth Allen	Foster City, CA	2014-11-19	The time has come for a moritorium On building any more housing in Foster City
Deborah Wagner	Foster City, CA	2014-11-19	I am opposed to any additional high density residential units in Foster City until all approved construction projects are completed and the impact on Foster City has been analyzed.
Timothy Goll	Foster City, CA	2014-11-19	We do not need any more problems that new housing will create. We still do not have the traffic, water, school, and commercial problems solved.
Mike Cabral	Foster City, CA	2014-11-19	This was a planned city for the original build-out. The city never built a high school (as planned) and has roadways and a water supply that is not able to support additional build-out.
Aparajitha Ravi	Foster City, CA	2014-11-19	Additional housing will create more traffic congestion and schools will get degraded
David Berryman	Foster City, CA	2014-11-19	There are ALREADY too many people in Foster City! The quality of life is rapidly deteriorating. It now takes 20-30 minutes to drive across town at rush hour. This is unacceptable. Building must stop.
Joanne Rayner	Foster City, CA	2014-11-19	I am signing because there is too much additional apt building being proposed. We are overcrowded as it is.
Amir chaudry	Foster City, CA	2014-11-19	I love my city and this over crowding is going to over tax the resources
Mark Carpenter	Foster City, CA	2014-11-19	it already takes me an hour to get home and our schools are too crowded already
Jesse Christiansen	Foster City, CA	2014-11-19	I live very close by, and I dont think anyone would be happy about this.
Scott Miles	Foster City, CA	2014-11-19	Echoing other comments, traffic is already becoming unbearable and will only get worse with more development. The negative effect on schools and resources is without question. Whenever I drive by that new monstrosity at Beach Park and FC Blvd, my stomach twists. How big is that thing going to get??
Debbie Corazzelli	Foster City, CA	2014-11-19	If I want to live in Santana Row, I will move there. I came to Foster City because it is serene, beautiful, and USED to be easy to live in. Please stop trying to make it like every other over-populated city in the Bay Area.
selwyn wener	Foster City, CA	2014-11-19	overcrowding will result in a lower quality of living here.
Candyce Amaya	Foster City, CA	2014-11-19	Foster City has wonderful schools and is a great community. More housing would impact both these aspects. Unless you propose to include additional schools and another way in/out of Foster City, we cannot handle more residents.
Stephen Baker	Foster City, CA	2014-11-19	Enough is enough.

Name	Location	Date	Comment
Jeri Blatt	Foster City, CA	2014-11-19	Foster City is overcrowded now. I live in neighborhood 1 and can't believe the huge building being erected. We tried to stop this building with no success. The traffic will be unbearable when this building is completed. Not to mention the obvious; schools impacted, resources impacted, police and fire department impacted. Please - no more building!
Heidi Berens	Foster City, CA	2014-11-19	This is important to me because I live in Foster City and do not want to see it ruined. Enough already - seems like a crock when residents were told the City was building on the LAST 15 acres of property. Guess the City didn't want to mention the tear downs that would be replaced with structures 4 times as big. Those structures were torn down and replaced with housing in a city that cannot support the additional people. How about putting in services for the people who live here already? Or do you want us to go to other cities to shop and eat?
Alexander Oddo	FOSTER CITY, CA	2014-11-19	I oppose any new housing developments in Foster City because we have so much development already in progress that we have yet to digest.
Kathryn Allen	Foster City, CA	2014-11-19	I oppose any new high density housing projects noir traffic our schools and our community can't handle any more.
Alexander Bootman	San Mateo, CA	2014-11-19	I agree with the statement
Susan May	Foster City, CA	2014-11-19	Foster City has limited resources and the schools are already overcrowded, even before these units under construction are ready for occupancy.
Chao Wang	FOSTER CITY, CA	2014-11-19	School and traffic are main reasons
Irene Miller	San Mateo, CA	2014-11-19	I don't want any more housing growth
Linda L Davis	San Mateo, CA	2014-11-19	Too much traffic and impact on schools already!
Ellen Bona	Foster City, CA	2014-11-19	Let's wait and see the impact of the development under construction now.
Susan Cleaver	Foster City, CA	2014-11-19	We are turning our lovely community into another congested city.
Leland R. Smith Smith	Foster City, CA	2014-11-19	Congestion,crowded schools,getting I. And out of Foster city...too many cars our city was not intended for this when we moved here in 1967.
narayanan kallingal	Foster City, CA	2014-11-19	Vertical growth in Foster City is just not palatable; the high traffic pain is already very apparent. It takes more than 12 minutes to get to hwy 101 - which used to take less than 5 min. It is simply not acceptable
Isabel Orphanopoulos	Foster City, CA	2014-11-19	Overcrowded City, traffic congestion
Barbara Milligan	Foster City, CA	2014-11-19	I believe there is currently a good balance of housing, schools, retail, and services in Foster City, and we need to be cautious in how we plan for any new development.
Vieta Rosenberg	Foster City, CA	2014-11-19	Already we have multiple construction project with unmeasured effect on our community. The schools are overcrowded and quality of education is eroding. This alone will lead to decline in value of all property in Foster City. Foster City has no high school and thousands of high school students commute each day, together with working residents, clogging the only 2 available arteries from/to Foster City. And we are building MORE HOUSING?! We must be on a mission to degrade quality of life in this town!
Virginia Go	Foster city, CA	2014-11-19	Water shortage problems, more traffic congestion, safety issues, overcrwoding with schools, cause too many problems
Bev Saylor	San Mateo, CA	2014-11-19	There is already too much traffic and not much has been done too safely allow pedestrians to cross Edgewater, Beach,Park Blvd without having to walk a mile to find a crosswalk or signal. Schools are over crowded, parking is problematic. Foster City is already overbuilt.

Name	Location	Date	Comment
ashok manthina	foster city, CA	2014-11-19	Foster City is already congested.
Amelia Hollingsworth	Millbrae, CA	2014-11-19	I am a teacher in Foster City and worry about overcrowding in our schools.
Meiling Wong-Bond	Foster City, CA	2014-11-19	Traffic congestion, not enough schools, higher rate of crime, ugly pancake dwellings, not enough parking space for shoppers at the Edgewater center, for every one apt/condo there will be at least 2 cars per unit. No parking for visitors. The beauty of the lagoons will be limited due to structures. More police force/hiring will be needed. This beautiful city will turn into a mini New York. most concern is not enough roads/streets leaving FC in case of emergency..or coming into FC..101 and 92 will be extremely congested.
Kim Lloyd	Foster City, CA	2014-11-19	I love Foster City because it's a small town, but it's not looking that way any more, and further development will destroy what makes our city so special. Please stop the any further development. We don't need to be any bigger than we already are, our schools are impacted right now, traffic is very congested, and I'm starting to lose the feel for what I loved when we moved here 17 yrs ago.
Nancy Fulton	San Mateo, CA	2014-11-19	I fear we are overbuilding at this time in Foster City.
Deepak Chudasama	Foster City, CA	2014-11-19	Being a 22 year resident of Foster City, leave the City alone!!! NO MORE NEW CONSTRUCTION!!! It is getting bad with traffic, parking etc. to the City Councillors stop being greedy and stop considering any new construction. The quality of life for the residents is beginning to suffer. This was a nice community stop ruining it.
Pradeep Gomes	Foster City, CA	2014-11-19	Adverse Effects of High-Density Housing on Foster City: 1. Schools: Adds to our already overcrowded schools. 2. Traffic: Increases traffic congestion and safety concerns. 3. Water: Exacerbates our potable water shortage. 4. Quality of Life: Diminishes the charm that makes Foster City the envy of the Bay Area.
Colleen Daniels	Foster City, CA	2014-11-19	This greedy developer's plan will ruin our quality of life by adding more traffic, longer shopping lines, less parking, overcrowded schools, and other such problems. Enough!
Yiming Zhong	San Mateo, CA	2014-11-19	No more high density housing, enough is enough.
Walter Rick	Foster City, CA	2014-11-19	It will effect our property values at Isle Cove, increase traffic and put added strain on our schools.
Hend Bunni	Foster City, CA	2014-11-19	Don't want the project to go through
Will Loomis	Foster City, CA	2014-11-19	My main concern is the impact these new projects have on our limited potable water resources. The City has already indicated that it will place future water restrictions on HOAs. Why add more units while cutting back on existing home-owners' water rights?
Nancy Greenberg	Foster City,, CA	2014-11-19	I am very concerned about the impact on our schools. We turned down the measure to expand Bowditch Middle School to alleviate overcrowding but by continuing to build we are further exacerbating the situation. Families want to move here because of the quality of our schools. We are on the verge of creating an untenable situation.
Jeffrey Sachs	Foster city, CA	2014-11-19	The quality of life is being ruined by population expansion in Foster City! With only three exits and a very limited amount of space, every addition of high density housing deteriorates living conditions for us all.

Name	Location	Date	Comment
Jj Zhang	Foster City, CA	2014-11-19	Save our community!
Carolyn Moriarty	Foster City, CA	2014-11-19	Traffic and school overcrowding concerns
Joe and Houda Obegi	Foster- city, CA	2014-11-19	Too much populations and traffic
Daisy Chan	San Mateo, CA	2014-11-19	We don't want to make Edgewater more congested on traffic. Current school may not accommodate more students.
Connie Ulasewicz	Foster City, CA, CA	2014-11-19	This is important to me because of how we are deviating from the Master Plan for our city, adding more housing, high density residential units, without a comprehensive evaluation on their impact to the local environment including schools, traffic, parks, and general congestion of the area. As a citizen of Foster City, the need for the additional housing and people has not been fully explained or qualified. Thank you.
Fe Casher	Foster City, CA	2014-11-19	This is a relatively SMALL city. Let us please stop congesting and expanding it beyond our capacity to provide quality schools to our children, safe traffic, adequate water resources for our residents. Thank you.
John Ferlin	Foster City, CA	2014-11-19	Overcrowding and traffic problems
Marie and steve Pollak	Foster City, CA	2014-11-19	Our streets are already too congested, our schools are over populated. In an emergency we would be hard pressed to evacuate the area as it is now. Was it not just last year that we were all trying to get children to school and/ or get to work when there was a major traffic blockage due to an accident? It took almost an hour to get out of here. Foster city simply cannot expand in population or traffic. It would be completely unsafe!!
Roger Cutler	Foster City, CA	2014-11-19	Who is going to pay for schools? Who is going to pay forUpkeep incl. roads sewer ,pumps? How are we ever going to get out of the city with all the extra cars? here is the next grocery store located? Route 92 and East Hillsdale blvd. are already bulging. What does it do with our enviralmental impact on our city
Nancy Stanton	Foster City, CA	2014-11-19	loss of the initial city blue print and feel of open space we all love and moved her for. Traffic/people congestion, water
Stanley Pond	Foster City, CA	2014-11-19	Quality of life in Foster City, particularly traffic and schools.
Katrin Kaukull	Foster City, CA	2014-11-19	My daughter goes to Bowditch. It's way overcrowded. Try to get to Foster City from Hwy. 101 after work. It did not used to be that way.
Nancy Fulton	Foster City, CA	2014-11-19	Dennis C. Fulton
Sandra Kay	San Mateo, CA	2014-11-19	We need to know what impact there will be on our city before going ahead with ANY Further approvals for any residential additions. Our quality of life is potentially on the line!! No new housing of any kind for now!
Ann forman	Foster City, CA	2014-11-19	I oppose additional units to be built.
ROBERT ALEGRIA	FOSTER CITY, CA	2014-11-19	WE DON'T NEED MORE TRAFFIC AND MORE PEOPLE.
Susan Merport	San Mateo, CA	2014-11-19	I am opposed to any more new housing in Foster City. Traffic is already difficult.
Aaron Williams	San Mateo, CA	2014-11-19	There are far too many developments in progress as it is right now. Overly saturating the market will only drive down current property values and produce more traffic.
veronika Santamaria	Foster City, CA	2014-11-19	We already have open housing. Our streets and schools are crowded enough. Foster City is already losing it's small town feel.

Name	Location	Date	Comment
Valerie Liberty	Foster City, CA	2014-11-19	We'll never be able to get out of Foster City in the event of an emergency if you add more folks to our roads. Please be responsible and protect our citizens.
Simona Voskoboynik	Foster City, CA	2014-11-19	Already overcrowded schools, traffic congestion and loss of the "small town" feel.
Yonggang Qin	Foster City, CA	2014-11-19	Strongly oppose any additional high density residential units.

paul nieberding	foster city, CA	2014-11-19	Traffic and Schools are a PROBLEM
Mary Ellen Huber	Foster City, CA	2014-11-19	I hate the in-crease of traffic and the impact on the school for more population..
Isabelle Bushman	Foster City, CA	2014-11-20	The increased traffic and lack of space in the schools need to be considered.
Dharti Kothari	Foster City, CA	2014-11-20	I do want overcrowding of school and do not want to pay for adding extra classroom. City planner & builders should build new classrooms first.
Sheila Lederer	Foster City, CA	2014-11-20	Traffic will be impacted .Schools will be overcrowded.
Julie Mamis	San Mateo, CA	2014-11-20	I'm signing because we must address school overcrowding and existing traffic issues before we add more housing. I am also concerned that housing developments must also include below market rate housing so that everyone continues to be able to live in our community.
Linda Attell	Foster City, CA	2014-11-20	Foster City is too conjested as it is and we don't need any more apartment buildings. Our schools can not accommodate more children.
Whitney Zobac	Foster City, CA	2014-11-20	No more housing!!!
Elaine Rachko	Foster City, CA	2014-11-20	Schools are already too crowded. Traffic in an out is terrible. Parking is also a significant challenge. Quality of life will be effected for those of us who already own here.
Jennifer Lo	Foster City, CA	2014-11-20	I'm against this project. It's irresponsible to add more residential units without improving the infrastructure that's needed to support the additional demand. Our schools are over crowded as it is.
Mukul Mittal	Foster City, CA	2014-11-20	This will severely impact my living. Street parking is already not available on Edgewater in front of Harbor Cove.
Meenakshi Mittal	Foster City, CA	2014-11-20	I am strongly opposed to the idea of more housing in the proposed plan. I live on the street on Edgewater Blvd,there is already a lot of cars and pollution. With the increased housing, there will be more of traffic on the streets,congested schools with limited availability to local schools. Foster city will not the remain the pristine city which the earlier developers would have dreamt of.
Marina Afanasieff	Foster City, CA	2014-11-20	This overpopulation & overcrowding needs to stop! These developers are crazy & greedy! The traffic just to get to San Mateo & back is ludicrous! It's nightmarish! What will happen if & when there's a big earthquake or something? We are built on water! No more housing/people please!!!
William Fried	Foster City, CA	2014-11-20	This is a case of the pig and the python. The python is Foster City, and the pig is high-density residential development. The python needs to fully digest the pig before even considering another meal.

Name	Location	Date	Comment
Ronald Haywood	San Mateo, CA	2014-11-20	Foster City is a great place to live. Let's keep it that way but stopping the crowding. Thanks.
Shelley Keefe	Foster City, CA	2014-11-21	It was clear at the council meeting that the developers, who probably never set foot in FC, expect to make multiple millions of dollars on such projects. In relation to that, the city makes some money and the residents put up with all the disadvantages. Is that kind of city we want?
Xiomara Ohira	San Mateo, CA	2014-11-21	I don not want anymore residential units being built and causing overcrowding and traffic. It's bad enough as it is.
Denise Spisak	San Mateo, CA	2014-11-21	Traffic is already a mess at rush hour which used to be 5:00pm but is getting earlier all the time. Backed up at 3:30pm? What are the City Fathers thinking? What happened to the Foster City we once knew...open, uncomplicated, friendly. Stop the overpopulation; stop the insanity!
Matt Gowdy	Foster City, CA	2014-11-21	we need solutions to our traffic and school overcrowding issues and assess the impacts of approved projects before permitting any new large housing projects in Foster City.
Hui Chen	Foster City, CA	2014-11-21	horrible traffic
Barbara Crandall	Foster city, CA	2014-11-21	To much traffic
sandra albhrin	Foster City, CA	2014-11-21	Don't ruin foster City. No for traffic and No for impact on school
Julianne Tjan	San Mateo, CA	2014-11-21	Oppose further development. Overpopulation occurring too fast.. Let's take time to plan for the long term and not just focus on the short term.
Dina Jabri	Foster city, CA	2014-11-21	Traffic and Schools issues..
Betty Mark	Foster City, CA	2014-11-21	Already too much traffic and congestion.
SAL CENSOPRANO	San Mateo, CA	2014-11-22	Council put moratorium on new housing . Lets wait and see after all current projects are completed what impact new housing will have
Thuc Dam	San Mateo, CA	2014-11-22	There are ~1000 new residential units being built as of this moment in Foster City. My two son's classes are maxed out and so are all the other classrooms of the same grades. Some one at the Foster City Council is making some very poor decisions for the city, but may be beneficial to developers! We need to correct these lapses in judgement.
robin fife	Foster City, CA	2014-11-22	It is totally ruining the landscape of Foster City to have these high density residential units, and Edgewater Shopping Center is one of the few wonderful places where we can eat and sit along the water. The beauty of our city is at stake.
Vickie Vance	Foster city, CA	2014-11-23	We don't need more housing
Jessica Archibald	San Mateo, CA	2014-11-23	We have plenty of housing in FC! Leta renovate what we have without adding additional congestion, people, water usage and overcrowding at our schools.
Lisa Azzopardi	Foster City, CA	2014-11-23	I would like to see an environmental report that suggest ANY additional high-density residential units would benefit the residents of Foster City.
sally stevens	foster city, CA	2014-11-23	Traffic impact
Helen Doeschl	San Mateo, CA	2014-11-24	I oppose to any new housing development in Foster City. The city is over crowded, traffic is very congested.
Barbara Rosenberg	Foster City, CA	2014-11-24	I do not want any more traffic congestion in FC.
David Green	San Mateo, CA	2014-11-26	The city council has gotten out of hand in building unneeded apartments that will only cause more traffic and reduce our already limited resources. Get rid of the city council!

Name	Location	Date	Comment
Brianne Kodakari	Foster City, CA	2014-11-26	I am a resident/home owner and this will directly affect my standard of living as well as my property values.
Joann Metz	San Mateo, CA	2014-11-27	Stop high density blight in Foster City!
Valeriy Rubin	Foster City, CA	2014-11-27	Traffic is getting more and more dense.
Heidi Tawfik	Foster City, CA	2014-11-27	Foster City is a unique town. Please do not ruin with more congestion and overcrowding problems.
Ann Guyer	Foster City, CA	2014-11-29	I am signing this petition because I am seeing several developments already in progress on sites that are less than 40 years old, in fact some are more like 30 years old. Build it, tear it down, build it again? Is this what Foster City is all about? Please use some restraint when you dig up another vibrant business area to build more expensive, small, not very 'luxurious' luxury apartments or condos. We don't need MORE and more people piled up here on top of each other!
Leslie Flint	San Mateo, CA	2014-12-01	Traffic in the Hwy 92/101 intersection is already congested. There are no other options for exiting FC.
Rosita Issel	San Mateo, CA	2014-12-01	We moved to Foster City 16 years ago because it was a small town, with lots of open spaces, parks and great schools. With the additional construction of housing units, the need for more schools, the increase in traffic, decrease in parking availability and potentially, the loss of these open spaces, needs to be carefully considered. Getting out of Foster City is now a 25 minute affair during busy times.
Helen Hamel-Dolling	San Mateo, CA	2014-12-03	traffic issues and quality of life issues
Barbara Niss	San Mateo, CA	2014-12-04	I'm signing because I am a local concerned about overcrowded schools and traffic congestion.
Sheila Serkanic	San Mateo, CA	2014-12-04	We have a MASTER PLAN that has faithfully followed until past 12 years of this council--making it a showcase for the WORLD. That is why we love Foster City! We have a perfect balance of households, streets, schools, parks, police and fire. Our Foster City kids are already being sent out because of impaction! And why is the council so quiet about H.U.D. HOUSING MAKING UP 1/3 of all new building? Safety will go down. Police will have to increase. We will have to pay for all H.U.D. maintenance and landscaping. Why more office and retail space when the old Foster Building (across from the library has been primarily vacant for over six years. Where is their support of F.C. Small businesses?
Gloria Dreon	San Mateo, CA	2014-12-06	The traffic is bad enough now and schools are overcrowded as is.
Sara Jackowitz	San Mateo, CA	2014-12-11	See the 4 points re: Adverse Effects of High-Density Housing
Achim Karger	San Mateo, CA	2014-12-27	Foster City will be unrecognizable if development keeps going like it has in the last 5 years.
barney oakew	San Mateo, CA	2014-12-27	We have enough buildings for the present
Sanjay Kakar	FOSTER CITY, CA	2014-12-29	I support all 4 adverse effects cited in the petition. Further housing development is a huge detriment to Foster City residents and even the thought of further development should be vehemently opposed.
Brian Oldham	Sacramento, CA	2015-01-02	of school overcrowding and traffic congestion.
Jennifer Chong	Foster city, CA	2015-01-02	This is destroying the quaint atmosphere of the city. Where the kids go to school, how will we deal with the traffic; which, is an even more alarming idea when taking into account the fact that the city does not have a train stop.
Mona Kotecha	San Mateo, CA	2015-01-02	Please stop overbuilding Foster City. The schools are already too crowded and this small land mass cannot support an increase in population.

Name	Location	Date	Comment
Nathan Don	Foster City, CA	2015-01-02	Already too much traffic in/out of Foster City and schools are overcrowded.
Fred Burger	San Mateo, CA	2015-01-02	I am concerned with the environmental impacts and the fines that Foster City will pay if we exceed our water cap.
Vijay balan	Foster City, CA	2015-01-02	I worry that additional construction will dramatically degrade quality of life in FC. Let's stop and evaluate
Jamie Frankos	Foster City, CA	2015-01-02	I grew up in Foster City and it certainly does not have the same feeling any more. It is too overcrowded as it is. Many of my friends I grew up with, moved out of the area because of this congestion.
Laura Owen	San Mateo, CA	2015-01-02	I'm signing this petition because traffic is already horrendous in the morning and evening, just trying to get out of Foster City when going to work or getting home at the end of the day. The slowest part of my commute is the time to get to 101 and to get off 101 at the end of the day.
Nancy Stanton	Foster City, CA	2015-01-02	Congestion related to virtually everything.
Greg Roux	San Mateo, CA	2015-01-02	Too many adverse effects to the neighborhood. Too much housing already!!!
Miki Colgate	Foster City, CA	2015-01-02	Too many people living in a small city. Not enough wide streets make it very difficult to access freeways.
charlotte bradford	foster city, CA	2015-01-02	this will cause overcrowding and ruin foster city
Dennis Kay	San Mateo, CA	2015-01-02	It is imperative that we keep our city running properly, with schools and traffic appropriate with our "planned community" No more housing at all until issues can be resolved!
peg rybicki	Foster city, CA	2015-01-02	I can not get out of my complex without waiting forever... Stop the traffic
Sean Albers	San Mateo, CA	2015-01-02	I born raised here 40 years and I don't like the direction the cities headed.
david lilienfeld	San Mateo, CA	2015-01-02	This construction is ill-advised given all of the building already going on in this city.
Tim Warren	San Mateo, CA	2015-01-02	I oppose any new high-density units until road infrastructure is improved and a forth elementary school is added.
Ellen Bollbach	San Mateo, CA	2015-01-03	I think Foster City roads, schools are already over crowded. We will be unable to sustain this growth.
Tavis Szeto	San Mateo, CA	2015-01-03	What happens in Foster City affects San Mateo. Building more housing without addressing basic needs like schools, traffic congestion, etc will make Foster City and San Mateo cities to avoid.
Melanie Leng	Foster City, CA	2015-01-03	The charm of our underrated city comes in the homely feel. Overproduction too rapidly will destroy the atmosphere.
Sudhir Damle	Foster City, CA	2015-01-04	I am concerned about high traffic on Edgewater Blvd in morning as well as afternoon and also about school congestion.
Don Gundry	San Mateo, CA	2015-01-04	This latest round of building is too much for our limited footprint. Stop any additional building for at least 5 years.
Roberta Parker	Foster City, CA	2015-01-04	I simply am against this development. Foster Cities infrastructure is not ready for all of this condo development. the schools are not prepared for this influx of students and the traffic will become unbearable.
Robert and Judy Valdez	San Mateo, CA	2015-01-05	We have major concerns regarding the traffic in and out of Foster City. We did not buy in FC to live in an full of high-rise units and parking garages.
Zixin Wu	Foster City, CA	2015-01-05	Foster City is beautiful because its population density is just right. Don't make it more to destroy its beauty.

Name	Location	Date	Comment
Susan Skieresz	Foster City, CA	2015-01-05	The over-development of housing unit is negatively changing the character of Foster City. The impact on the traffic into and out of FC needs to be assessed before more development!
Jim Guo	San Mateo, CA	2015-01-06	We want to keep the quality of life and the beauty of Foster City.
Prashanthi Natarajan	Foster City, CA	2015-01-07	I firmly believe the current resources are not sufficient to support more high density housing units in Foster City. Any move to do the same will greatly affect the quality of life for the current residents as well as the environment in the area.
Roman Glukhovskiy	Foster City, CA	2015-01-07	Foster City will deteriorate as a great place to live if developers are allowed to zone for additional high density housing units.
Sheri Carroll	Foster City, CA	2015-01-12	our city is already way too overpopulated, we need to slow down and see the impact of all of this building on our city
Jackie LaFlesch	Foster City, CA	2015-01-13	Increases traffic congestion and safety concerns and much more.
Joseph Hirsch	Palo Alto, CA	2015-01-14	I agree completely with the sentiments expressed. Those developments, and similar developments throughout the Bay Area, are diminishing the quality of life that once was the envy of the entire nation. We have to stop future high-density developments or what we once had will be gone forever.
Debra Gruber	San Mateo, CA	2015-01-15	Stop the constructions till the overcrowded schools and traffic congestion have been solved. Please be responsible.
Jack Wan	Foster city, CA	2015-01-17	I oppose any kind of further residential construction in Foster City.
Tammy Shueh	Foster City, CA	2015-01-17	I think we have enough housing in Foster City
John Folmar	San Mateo, CA	2015-01-17	I have concerns that additional housing could lead to: <ol style="list-style-type: none"> 1. Increased traffic congestion and further bog down the ability to enter/exit the city through only 3 byways (Hillsdale Blvd, Chess Ave and E 3rd Ave) 2. Increased parking congestion in neighborhoods. 3. Increased congestion at the already overcrowded 3 grocery stores that service Foster City (Safeway, Lucky's and Ranch 99). 4. Over congestion of the beautiful parks, walkways and overall living environment that makes Foster City such a desirable place to live
Gerald Alley	San Mateo, CA	2015-01-19	Foster City does not have the infrastructure to support increased population- schools, roads/transport,water. The quality of life for the 30k plus already here must be maintained, including in-town F&B, service and retail.
Andy Gan	Foster City, CA	2015-01-21	No matter which angle you look at, overbuilding high-density homes is just bad for the city and homeowners. As a real estate professional, I still remember the sad faces of so many homeowners whom I had talked to during the last (not long ago) market downturn of 2009-2011. Real estate market follows a supply and demand equation. Home price will adjust by itself at some point. Overbuilding high density homes at the high range of the market is just shortsighted and can oversupply the small housing market in Foster City. Should the housing market goes down, the oversupply can jeopardize the recovery of the home prices in the city. Large scale overbuilding also diminishes the meaning of Foster City as a planned development.
Joan Stern	San Mateo, CA	2015-01-21	Overcrowding is making traffic impossible at certain hours and is spoiling the entire atmosphere that Foster City once had. After 45 years here, the quality of life here is sadly deteriorating..
Adriana Livianu	San Mateo, CA	2015-01-28	Traffic, Water, Quality of life
Ben Asaro	Foster City, CA	2015-01-29	I am signing because I oppose any additional residential development in Foster City

Name	Location	Date	Comment
Neal Colombo	San Mateo, CA	2015-01-31	I agree with the Foster City Residents for Responsible Development. I have lived here for over 20 years and have seen the city get more traffic and congestion. I moved here to avoid those things.
Caryl Brewbaker	San Mateo, CA	2015-02-03	It almost feels crooked... Those in power seem to be moving very quickly. They k-n-o-w how this is impacting the schools, the character of the city, and of their failure to honor the original plan of Foster. They k-n-o-w they are stressing our infrastructure and the people who live here.... they just don't seem to care. Why?
daniel zheng	San Mateo, CA	2015-02-03	It is the right thing to do!
Draviam Paramasivan	Foster ctiy, CA	2015-02-03	School over crowding and traffic
Mary K Ferree	San Mateo, CA	2015-02-03	We need to stop NOW with the high density building and take it slower to see how the approved projects impact our city and its resources before approving more. This is irresponsible and not being thought through carefully. Please slow things down!!!!
Irene Ni	San Mateo, CA	2015-02-03	I strongly oppose more and more housing units built in Foster City.
Dirk Liepold	San Mateo, CA	2015-02-03	I hope that the 'greed' for Foster City tax income increase stops and the last remaining open spaces in FC will not be exploited anymore. This is short term thinking and quality of life will dramatically decrease in FC
Michael Helms	Foster City, CA	2015-02-03	I am concerned about overcrowding and the negative impact on the natural environment and wildlife.
Amrish Lal	San Mateo, CA	2015-02-03	Further development in foster city should be allowed only if it does not increase housing density. Bay Area already has its fair share of congested cities, roads, parking lots, and school. We don't need to further add to that congestion. High density housing and shopping complexes look good on El Camino or next to freeways, but not in Foster City.
Nidhi Lal	Foster city, CA	2015-02-03	I care for foster city !!!!
prajakta ghatpande	San Mateo, CA	2015-02-03	i care for the city and it's young inhabitants!!!!
clair kelly	San Mateo, CA	2015-02-03	All of this high density building has to stop our city cannot handle additional traffic and the additional burden placed on our emergency services.
chris kimmel	San Mateo, CA	2015-02-03	I'm signing because getting in and out of Foster City on my way to and from work is ALREADY the hugest headache of my day. To put it simply: More Housing = More Traffic. Foster City does not have the entrance/exit infrastructure to handle it!
Ashish Hunnargikar	San Mateo, CA	2015-02-03	Adverse Effects of High-Density Housing on Foster City: 1. Schools: Adds to our already overcrowded schools. 2. Traffic: Increases traffic congestion and safety concerns. 3. Water: Exacerbates our potable water shortage. 4. Quality of Life: Diminishes the charm that makes Foster City the envy of the Bay Area.
Susan Lindstrom	Foster City, CA	2015-02-03	The rental housing market in Foster City is saturated and there are rental units still available. Also, the school and traffic problems have not been addressed by the planners.

Name	Location	Date	Comment
Jadelyn Chang	San Mateo, CA	2015-02-03	Foster City does not need any additional housing. The streets are congested and the schools are overcrowded.
Joanna Rubenchek	foster city, CA	2015-02-03	We don't any more housing and more traffic in Foster City
Sandra Palazzi	Foster City, CA	2015-02-03	Don't want overbuilding and overcrowding to ruin the paradise we currently live in. We take pride of ownership in our community and the level of living we have created.
Scott Ng	Foster City, CA	2015-02-04	I want the best for Foster City as the home owner here in this best city in the world
Valerie Mersh	San Mateo, CA	2015-02-04	I am very concerned of the overpopulation in FC. Already we have difficulty getting out of FC with the traffic.
Thaddeus Jimenez	San Mateo, CA	2015-02-04	Foster City does not have the infrastructure to support more people living here; roads, schools, services...will reduce quality of life for all.
Thuy Nguyen	Foster City, CA	2015-02-04	I would like to keep the charm of this city. We have enough with all of on going projects.
Flora Ng	Foster City, CA	2015-02-04	I don't believe building more residential units is in the best interest of Foster City.
Karen Glaser	San Mateo, CA	2015-02-04	I'm concerned about the amount of traffic that we already have in Foster City, the new apartments and retail properties already in progress, and the impact they will have on getting in and out of Foster City. This is a great town, and we should try to keep it that way, not overcrowd it. In addition, putting a hi-rise building on the bayfront will obstruct the view for everyone living and driving along Beachpark Blvd.
Nicola Adam	Foster city, CA	2015-02-04	Foster City has become so overcrowded and this will ad to the already congested traffic.
david cook	foster city, CA	2015-02-04	Please do not approve any more housing developments until all current developments have been in completed for one year. This will give everyone the time to fully understand what a large population increase does to our city traffic congestion, and basic services.
Fern Quigley	San Mateo, CA	2015-02-05	FC is already over crowded and traffic in and out of town is a nightmare. Our water supply is threatened by too high our population.
Robert Barbutti	San Mateo, CA	2015-02-05	I grew up in Foster city and so not believe our unique community should be an over crowded maze of stack and pack people boxes..
Xuelei Yan	San Mateo, CA	2015-02-05	Foster City is already too crowded.
tricia Hannon	Foster City, CA	2015-02-05	I am writing because this needs to stop! Foster city was never meant to be this... There is a reason for the zoning the way it was years ago when the city was made. Rezoning is ridiculous. What is to stop everyone from rezoning? Maybe I should reZone my house? The marina And other areas marked for construction were to be a marsh areas for animals and/or parks not more housing.This city does not need more housing! These were to be wetlands for nature which was the original view of our hometown. Say no and send them away! Represent our hometown!
RosaMaria Ocegüera	Foster City, CA	2015-02-05	We have too many apartments in FC which impedes coming in/leaving the city in case of an emergency due to the amount of cars on the road and traffic. The rents from these apartments do not help the city, this only makes the developers and the owners, richer. It time the residents' voices are heard. It's a shame that we as tax payers (and we pay a lot of taxes) are not being heard.
Patrick Mckinnie	Mountain View, CA	2015-02-05	Because foster city does not need more housing!

Name	Location	Date	Comment
Namrata Bhasin	Foster City, CA	2015-02-06	I am a resident of Foster City. The school system is overloaded and there aren't planning new ones. The city has only 2 exits making it difficult to enter and exit.
Sanjiv Sud	San Mateo, CA	2015-02-06	Enough! Foster City DOES NOT..cannot hold more homes.
Melissa Stoppler	Foster City, CA	2015-02-06	Foster city schools are already overcrowded and traffic is worsening. The quality of life here will decline if more high-density housing is introduced, straining the system further.
Phyllis McArthur	Foster City, CA	2015-02-07	We have no idea if our community's infrastructure can support more condensed housing. We have a drought, highway 92 is a parking lot during commute hours, not to mention the lack of space in our over crowded schools
Joanne Choi	San Mateo, CA	2015-02-07	The issue of overcrowding in schools has completely been ignored in the conversations around new development. The reason why FC draws so many young and vibrant families is because of the schools and their reputations. We will not be able to maintain Foster City's excellent reputation if we continue overpopulating our schools at the rate that we are.
Robert C Schwartzer	San Mateo, CA	2015-02-07	Adding yet another housing development will add to the density problems that are beginning to appear in Foster City.
JOHN BERNAT	San Mateo, CA	2015-02-07	what is the rush, let's wait and see the results of what is in-process now.
Wendy Barnett	San Mateo, CA	2015-02-07	There are already too many people in this area, traffic is horrendous and yet more development is unsustainable environmentally
Daniel O'Brien	San Mateo, CA	2015-02-07	We also hate the obscene marina idea
John Hlousek	San Mateo, CA	2015-02-08	To Foster City Council: Listen to residents of FC: NO MORE HOUSING!!!
Tisileli Lupeheke	Foster City, CA	2015-02-08	I don't want the overcrowding of my schools and neighborhood streets
Stephen Lagos	Foster City, CA	2015-02-08	im tired to city council putting monetary gain ahead of the city the claim to serve.
Donna Blevins	San Mateo, CA	2015-02-08	I am worried about renters moving in and out of here, and not caring as much as us home owners do in this city,about our city. Foster City has always maintained the highest standard of class community and family and we all want that to change.
Rosemary Janet Gardiner	Foster City, CA	2015-02-08	Also traffic in and out of Foster City is very heavy and with more cars it will be worse.
Michael Harrison	Foster City, CA	2015-02-09	These over sized apartment complexes that are being built are going to strangle us.guarantee none of the city council live within eye sight of these monstera cities !
Beth Weiss	San Mate, CA	2015-02-09	Every time I have to go over there, there seems to be more traffic on and off 92 and the surrounding streets.
Karen Schwarz	Belmont, CA	2015-02-09	Foster City does not have the infrastructure to support more people. Foster City was a charming low density town. It is becoming full of multi story behemoths and way too much traffic.
Serena Lucchesi	Foster City, CA	2015-02-09	The traffic congestion and water resources are a source of concern for me.
Gerb Perez	San Mateo, CA	2015-02-09	oir residents have spoken and I support and represent their views.
Tricia McVey	san Mateo, CA	2015-02-09	I grew up in Foster City, am a San Mateo resident and agree with the concerns !
Liz Murdoch	San Mateo, CA	2015-02-09	i agree
Xiangmin Jin	San Mateo, CA	2015-02-09	It is already over crowded in Foster City! We need more space BUT the animals also DO!

Name	Location	Date	Comment
Vijay Adda	San Mateo, CA	2015-02-09	Foster City a quaint, beautiful city on lagoon will transform into an ugly city overcrowded with housing units impacting the serene life of the inhabitants with high density traffic and overcrowding of schools
Grady Hunt	San Mateo, CA	2015-02-09	I live close to this area, the impact is already being felt, traffic jams where there has never been traffic before, schools overcrowded and getting worse.
Karen Rappaport	San Diego, CA	2015-02-10	I'm signing because I am concerned about the effect the proposed construction will have on the quality of life in Foster City.
donna santucci mckee	San Carlos, CA	2015-02-10	there should be NO more construction in Foster City. It is build out to maximum capacity.
James Lunsford	Foster City, CA	2015-02-10	It is not quantity, it is quality of life.
Joseph George	San Mateo, CA	2015-02-10	Overcrowded schools and Traffic
Susan Mai	Foster city, CA	2015-02-10	oppose any additional high density residential units at foster city overcrowded schools, traffic congestion and limited potable water resources
anand kotti	San Mateo, CA	2015-02-11	I don't want more housing!
Cesare Rotundo	Foster City, CA	2015-02-11	I guess the FC City Council lives and works in FC, and doesn't realize that accessing 101 now takes at least 10-15 min each way at rush hour. Dear Council Members, we invite you to drive around and realize that until better infrastructure is available more residential units are a bad idea.
Carina Cannizzaro	San Mateo, CA	2015-02-11	<p>1-Safety: limited amount of streets or space to leave Foster city in case of an emergency, earthquake, etc. A few years back it took longer than an hour around 5:30pm, and it will get worse.</p> <p>2- Pollution- air quality is already serious in certain areas due to the 101 and the amount of planes going towards SFO.</p> <p>3- New schools are already over capacity.</p> <p>All projects should be stopped until solutions to the three problems mentioned above are implemented.</p>
HeeSun Hong	San Mateo, CA	2015-02-11	Foster City cannot support any more high density housing! It takes 40 minutes to get to Foster City from Hillsdale High School at 6 pm on weeknight a during school. We do not have room in our schools. There are many other reasons as well.
sudhir Gupta	San Mateo, CA	2015-02-12	over crowded schools and roads traffic.are my concerns
Baohua Huang	Foster City, CA	2015-02-12	<p>Foster city is already overbuilt, and it's infrastructure cannot support the current residents.</p> <p>Foster city already has a huge traffic problem, during morning and evening commute hour it regularly takes me over 20 minutes to get on or off the freeway. Our schools are already facing over crowding problem.</p> <p>Please address these issues before proposing any more apartment units.</p>
Julia Bauer	Foster City, CA	2015-02-12	As a long time (20+ year) resident of Foster City I wanted to voice my opposition regarding the continuous building of large, multi-family complexes in Foster City. I bought my home in Foster City because of the quality of life and proximity to the Bay, Bay Trail, and relief from the noise and crowding of the Peninsula. Over the last few years I've been appalled by the number of GIANT apartment complexes that have been built in Foster City. The traffic has become ridiculous - it now takes me 30 minutes to drive from my home on Staysail Court to my office near Whole Foods at 8:30 am on a weekday morning. Just three years ago that drive took me 10 minutes.

Name	Location	Date	Comment
Rosie Bank	San Mateo, CA	2015-02-12	We are already overfull in FC!
Enaam Gabor	Foster City, CA	2015-02-13	I am singing because the schools are overcrowded and the traffic in and out of the city.
Joyce Pilgrim	San Mateo, CA	2015-02-13	I'm opposed to more housing units in Foster City.
Brian Hodges	San Mateo, CA	2015-02-14	I hate to see this excessive expansion in the already saturated community.
Clement Yu	San Mateo, CA	2015-02-14	We don't need to ruin Foster City's community with more housing and traffic. It already takes 5 mins at 6AM to get onto the freeway because of the traffic lights being red when there are no cars around and at noon, it take up to 10 mins just to get on the freeway, again because of the traffic and signal lights.
Betty Yu	San Mateo, CA	2015-02-14	Please do not ruin Foster City by bringing in more big buildings, crowds, traffic, etc. We chose Foster City for the way it was previous to all of the construction.
Clement Yu	San Mateo, CA	2015-02-14	Foster City is not the solution for the housing crisis. We have enough apartments in the city and restaurants and other business that come and go. If want more money in the general fund, then cut spending.
Irene Tom	Foster City, CA	2015-02-15	enough is enough. Foster City is getting too overcrowded as is.
Tony Shao	San Mateo, CA	2015-02-15	Stop the development of nigh density housing in Foster City.
Che I Chang	San Mateo, CA	2015-02-15	I oppose to more housing in Foster City
Bala Ganeshan	San Mateo, CA	2015-02-15	I'm opposed to the new construction since there is no room to provide the additional infrastructure needed to support the expansion. I spend enough time in traffic as is getting in and out of Foster City.
akhila aiyer	foster city, CA	2015-02-15	<p>Does the council have plans on fixing our overcrowding problem in schools and the traffic jams getting in and out of Foster City. In the last 5 years we have lived in Foster City, there is clear perceptible increase in both traffic and kids getting in and out of school. We just do not have the room to build the additional infrastructure that will be needed to support the new community.</p> <p>p.s: Instead of building a shopping complex and retirement home in the plaza, the council should have build a high school. It would have been much more useful to the residents in alleviating some of the concerns expressed above.</p>
Shijun Song	San Mateo, CA	2015-02-16	Building more high-density residential units will negatively impact the quality of life at Foster City.
Nishant Deshpande	San Mateo, CA	2015-02-16	Don't understand why all this new development is being considered. Is it purely for additional revenue for the city?
Joan Style	San Mateo, CA	2015-02-16	How about fixing up the aging and disgusting shopping centers and adding at least 1 decent restaurant in this city?
Xin Li	Foster city, CA	2015-02-16	Stopping be greedy! Foster City is already overcrowded!!!!
Simon Hurry	San Mateo, CA	2015-02-16	Too much congestion. No high school available. Don't overcrowd Foster City
Ruth Trask	San Mateo, CA	2015-02-16	What ever happened to The Foster Families dream of 30,000 population?
Bernard Wu	San Mateo, CA	2015-02-17	There is a much, much larger need for building of new schools in Foster City!
Frances Gaura	Foster City, CA	2015-02-17	I have been a resident of FC since 1982. I was attracted to this community because it was a planned community with a highly desireable quality of life. The outrageous changes to the community as a result of these high-density projects is appalling! STOP THIS NOW.
Cathy Johnson	San Mateo, CA	2015-02-17	I am very concerned about the increase in traffic new developments in FC will cause. It is already too congested. I live just at the intersection of Altair and Hillsdale, and it can take 10+ minutes to get to the freeway at Norfolk. The infrastructure in FC cannot support more building.

Name	Location	Date	Comment
Louise Funke	Foster City, CA	2015-02-17	We need to slow down and see the impact of the projects already in process. Also, we need to address the city's finances. Obviously we can not continue to count on development for funding. We have a limited amount of space and resources.
Wilfredo Orbino	San Mateo, CA	2015-02-18	It is getting harder and longer for me to get home through our street. Not only a waste of gas, it's a waste in time too not to mention money.
Carolyn Freshour	San Mateo, CA	2015-02-18	I want to keep Foster City the city it was originally intended to be
Jennifer Lin	San Mateo, CA	2015-02-18	No more! No more! No more!
Pam Tanimura	San Mateo, CA	2015-02-18	The traffic congestion is horrendous
Marshall Dinowitz	Belmont, CA	2015-02-19	Each incremental development negatively impacts Foster City and the surrounding environment.
Deborah Young	Foster City, CA	2015-02-19	FC is already overcrowded as are our schools
Blanca Caballero	Foster City, CA	2015-02-19	Foster city is overcrowded and the traffic in and out is a bottle neck. We need to put a stop to any additional projects.
James Wagner	Foster City, CA	2015-02-19	Before any additional housing is approved, Foster City needs to evaluate the impact to traffic, schools, water, and quality of life issues of the new housing that has already been approved and under construction.
Frank Ho	San Mateo, CA	2015-02-20	There are not many high density residential units in community which is a big reason why we moved to Foster City.
Thomas Barger	San Mateo, CA	2015-02-20	I think additional high-density housing will cause additional over crowding of our schools and the roadways.
Song Ge	San Mateo, CA	2015-02-21	I'm signing because because I want my voice be heard that Foster city already has overcrowded schools and traffic and the life quality of the residents shall be guaranteed by not over-expanding the city's population with new residential buildings.
Pin Yu chen	San Mateo, CA	2015-02-22	I live here
Sophia Matgen	San Mateo, CA	2015-02-22	Too many people and cars in this small, what-once-WAS-a-desireable-place-to-live with only 2 ways in and out - might as well build an airport too!
Shirley Weston	San Mateo, CA	2015-02-22	I have lived here since 1975 when FC was coming alive. There is overcrowding in the schools...my two granddaughters had to go to different elementary schools even though I live two blocks from one of them. How can we possibly allow more housing and inconvenient long term residents! No more housing, please!!!
Nick Haddad	San Mateo, CA	2015-02-23	I oppose any further developments.
Cynthia Ong	Foster City, CA	2015-02-23	There have already been a few new housing completed and still being completed which will already affect the traffic congestion and overcrowding in schools as well as the city. In addition the location of the marina and tall buildings will destroy the natural beauty and peaceful view that makes Foster City and the Bay trail the relaxing, special, and beautiful place it is. The Bay Trail is a peaceful place to walk, run, and ride a bike for individuals and families. A marina and commercial space will destroy that. And with the school nearby, it will be more dangerous for kids who walk and bike home with more traffic generated by the marina and new housing. I also don't think anyone who purchased a home across from the Bay trail wants to look at a view of apartment/commercial buildings when they can see a peaceful view of the trail and water. Foster City is a great place to live because it's small and peaceful. If I wanted to live in a crowded city filled with tall buildings, I would have chose to live in San Francisco.

Name	Location	Date	Comment
Samiran Basak	San Mateo, CA	2015-02-23	Totally agree, let us evaluate the effect the Foster Square complex has on civic amenities before moving on to more housing projects
Shraddha Bindal	San Mateo, CA	2015-02-23	Already overcrowded schools, traffic congestion will exacerbate the current situation. No more new housing in Foster City
Ajanta Basak	San Mateo, CA	2015-02-23	I'm signing because it will destroy the serenity and peace that the foster city residents enjoy and helps us to relieve ourselves from the stress of work. Most residents work around here and we need this for our outlet of stress.
diane paolucci	San Mateo, CA	2015-02-23	Enough is enough! Our quality of live is being threatened. The current buildings are not finished. We don't even know the impact yet. Stop!
Carol Rose	San Mateo, CA	2015-02-23	Our Foster City schools are currently overcrowded and children who live in Foster City have to attend schools in other cities. We have restricted water use. Foster City should stop new sewer connections until the drought is over or until new sources of water can be found. The streets in Foster City were designed to handle traffic for 11,000 housing units. The City has not put forward a plan for new road construction or a plan for how it would be financed.
Oi-Ling Chan	Foster City, CA	2015-02-23	I'm signing because the concern of the over high-density residential units development in Foster City.
Russell Wilder	Foster City, CA	2015-02-23	We are already overdeveloped a bit. Getting too crowded with multi-residential units. Traffic is bad enough part of the day and there's no solution in sight to the overcrowding this would add to our already overloaded public schools in town.
P Searce	San Mateo, CA	2015-02-24	City is building too fast and we need to see how city resources and services can absorb current construction
Frank Saunders	Foster City, CA	2015-02-24	The text of the petition fully expresses my sentiments and my objections to the flood of "development" proposals.
Damien Burnett	San Mateo, CA	2015-02-24	We have building projects going on now. We need to wait until we can assess the impact of the current projects before we start any new ones.
Isik Erbay	San Mateo, CA	2015-02-24	I love this city as it is. If wanted to live in an over-built city, I wouldn't have moved here when I did.
Debbie Wong	Burlingame, CA	2015-02-24	I would like to see plans for bike path along Beach Park Blvd, driving speed reduced to 25MPH, resident parking permits in front of their houses.
Mike Goszulak	San Mateo, CA	2015-02-24	I'm signing because traffic is already terrible coming or going into our city and our schools are already overcrowded.
Ba-Quy Vuong	San Mateo, CA	2015-02-25	Our city is already overloaded. All facilities are over utilized. We cannot afford more residents.
Huy Nguyen	San Mateo, CA	2015-02-25	I care about the about the neighborhood
Ellen Wang	Mountain View, CA	2015-02-25	Stop it. Too greedy.
Paul Lee	San Mateo, CA	2015-02-26	School are too impacted.
robert jaron	San Mateo, CA	2015-02-27	I'm signing because I want to STOP all this building immediately. We are way over our charter in population and have to many new projects started at this time. STOP THE MADNESS!
San Chang	Foster City, CA	2015-03-01	Foster city was once a beautiful refuge away from the busy, dense congestion of other cities. It is and will become worse than the surrounding cities. Let's also question why Art Keisel, Gary Polland, and Steve Okamoto wants more housing. Are they getting some sort of kickback from these developers?
warren chang	San Mateo, CA	2015-03-01	Which councilmen are supporting all these new housing? We need to vote them ALL out?

Name	Location	Date	Comment
Jenny Chow	San Mateo, CA	2015-03-01	WE ARE ANGRY!!! STOP STOP STOP!!
joann franklin	San Mateo, CA	2015-03-01	Every time I drive around FC now. I get soooo angry at all the construction and those who are behind all this.
Noel Foster	San Mateo, CA	2015-03-10	I believe there is little consideration to housing effects, schools traffic water and basic means for every day commerce that are not being addressed when new housing projects are being proposed and approved.
Olga Smyslova	Foster city, CA	2015-03-10	the schools have been overcrowded 10 years ago already, teaching became worse, we have to homeschool our kids, while paying \$\$\$ for the housing here :(.
Dorit Richardson	San Mateo, CA	2015-03-10	Traffic in and out of Foster City during rush hour is a nightmare! what is the city doing to improve infrastructure and transportation services, along with approving all these new units?
quan ding	Foster City, CA	2015-03-11	No more housing until the school problems are addressed...
Jonathon Gantvoort	Foster City, CA	2015-03-12	We do not need more traffic in the city
Wayne Bayliff	San Mateo, CA	2015-03-15	I want to maintain the unique lifestyle envisioned by the Fosters. We are already built beyond the Foster's plan. No new housing until we can see the impact of what has already been approved.
Robin Barrientos	San Mateo, CA	2015-03-19	I am opposed to high density housing, additional traffic and over crowding of our great schools.
kathleen Asaro	Foster City, CA	2015-03-19	we need to keep fighting off these underhanded, greedy attempts to add housing when we have made it clear we want a hold on development till we've absorbed what's already being built
Roberto J Martinez Martinez	San Mateo, CA	2015-03-22	I agree
Lynsie Temple	San Mateo, CA	2015-03-23	I have lived in the Bay Vista Townhomes for 19 years and many of the areas that were either businesses, shopping areas, or open spaces, have been torn down and developed into massive housing developments. Traffic in FC trying to get on and off the freeways, to the shopping areas at rush hour is very congested. We have limited access in and out of Foster City and adding thousands of more residents is only going to make it worse. Keep Foster City the beautiful city, unique city that we purposefully moved to.
Bernadette Hsing	Foster City, CA	2015-03-24	Did you all read the article in which it states that Foster City will sink 2 feet within 50 years? So go ahead and add more weight to our already overburdened land so we can SINK much FASTER!!! (sarcasm)
Bernadette Hsing	Foster City, CA	2015-03-24	Did you all read the article in which it states that Foster City will sink 2 feet within 50 years? So go ahead and add more weight to our already overburdened land so we can SINK much FASTER!!! (sarcasm)
Fran Gorman	Foster City, CA	2015-03-25	I am concerned about whether our infrastructure, schools, etc. can support growth. The Planning Commission has changed the Master Plan to support higher density, and the high school land has been sold off. Let's first evaluate what we have committed to so far.
Clare Crom	San Mateo, CA	2015-03-25	The city of Foster City is destroying the quality of live for all residents, especially in neighborhoods 1 and 2 one housing unit at a time.
Michelle Licata	San Mateo, CA	2015-03-26	there is way too much traffic already in Foster City. Especially from 5-7 pm!!!

Name	Location	Date	Comment
Janet Sanft	San Mateo, CA	2015-03-26	Our lovely City is overcrowded already, we can't accomodate anymore people or housing without over burdening our schools, emergency personnel, roadways etc. I have been a resident since 1967 and feeling forced to move away.
Kim Kempton	San Mateo, CA	2015-03-27	Mainly signing for the impact onthe schools and the traffic.
Rosalind Chin	San Mateo, CA	2015-03-28	Stop all construction in foster city.
NEIL SCHIFFMAN	FOSTER CITY, CA	2015-03-31	we need a break to assess impact of all developments now approved.
Nena Guthrie	Foster City, CA	2015-04-08	Foster City needs to slow down and access the impact of the current building 'under construction' before anything else is done. In light of the current drought situation I would think this is now critical.
Jeff Campie	San Mateo, CA	2015-04-09	Schools are already overflowing.
Tejinder Kaur Arurkar	Foster City, CA	2015-04-09	I care about Foster City and love it the way it is right now, please DO NOT allow any more construction in our city, lets preserve what we have and fight against high density building projects.
Edward Madrak	Foster City, CA	2015-04-09	Roads in Foster City during rush hour traffic is already bad enough. Without serious change to the current roads (Hillsdale/101), we should halt any future development.
Kathy Heil	San Mateo, CA	2015-04-09	Traffic is already a dangerous situation! It will be impossible to get to a hospital.
Joan La Macchia	San Mateo, CA	2015-04-16	Who is allowing this in Foster City?? Where are the City Fathers to stop this !!!!
Heather Stephenson	Foster City, CA	2015-04-18	Enough is enough it's too crowded and the city is using all the land that could potentially be used to build a school. We simply do not have space for more children in the already over crowded schools!!!!
Vilja Fussell	Foster City, CA	2015-04-21	Traffic is already horrendous in the mornings and at night. It takes 30 minutes to get out of and into Foster City. With more developments going up, Foster City streets will look like 101 during rush hour.
Jayu Mehta	Foster City, CA	2015-04-21	this over construction needs to stop. I wanted to live in a small town with good quality schools.
M Sit	San Mateo, CA	2015-04-21	I've had it with overcrowded schools and roads and giving this little city a big city make-over. We bought a house in FC for its nice little city feel!
Melissa Coccellato	San Mateo, CA	2015-04-21	Foster City is already overpopulated an those haven't even opened up yet.
Michelle Vasconcellos	San Mateo, CA	2015-04-21	we don't need any more apartment buildings or housing to crowd the city and schools even more than it is.
Michelle Vasconcellos	San Mateo, CA	2015-04-21	we don't need any more apartment buildings or housing to crowd the city and schools even more than it is.
Pamela Cavagnaro	San Mateo, CA	2015-04-21	I am signing this because I live in Foster City and hate all the traffic, the element of some of the people this affordable housing is bringing to Foster City and the water usage that is being used during this drought and further droughts we will have.
Rhonda Borelli	San Mateo, CA	2015-04-21	ABSOLUTELY NO THOUGHT WAS PUT INTO ANY OF THIS BUILDING!!!!...AND YES, I AM YELLING
Lisa Moreci	San Mateo, CA	2015-04-22	I agree we do not need more housing and our schools are overcrowded as it is
Tim Goll	San Mateo, CA	2015-04-22	This is very short term thinking, leaving all of us having to deal with its problems long after the developers have left us behind.
James Szafransko	San Mateo, CA	2015-04-22	I'm against any additional high density housing in my neighborhood.

Name	Location	Date	Comment
Glenn Okimura	San Mateo, CA	2015-04-22	Stop over crowding our schools
Eileen Davis	San Mateo, CA	2015-04-22	New dense housing projects are unattractive and negatively impacting the quality of life of current Foster City residents.
Kirsten White	San Mateo, CA	2015-04-22	Foster city is overcrowded
parimala agnihotri	San Mateo, CA	2015-04-24	It Insane to Build to so much construction and it is calling in for trouble and I strongly oppose this!! As a law full resident.
L.Ann Huff	Foster City, CA	2015-04-24	There is only one way out of Foster City in the morning and afternoon to, and I am wasting a lot of time trying to get to work off of 101. I know the schools are at capacity and we are in a drought.
Dmitry Koltun	San Mateo, CA	2015-04-27	Enough housing already, we're losing everything Foster City is known for - good schools and quiet neighborhoods.
Seta Tujian	Foster City, CA	2015-04-28	We do not need Sares-Triton Project to build townhomes or any other housing units in Foster City. We are overcrowded, and we will be sandwiched in between high density housing project of 166 units and 240 units of the Waverly project. Enough is enough.
Claude Flouty	Foster city, CA	2015-04-28	if you keep building in foster city it will look like low income project, WE NEED A SCHOOL
Anita Siu	Foster City, CA	2015-04-28	I am signing this because we need to proceed cautiously with high density building. It put immense pressure on our school system. The traffic on E. Hillsdale is so bad that it is an entrance to Foster City I try to avoid. More high density residential units will bring more traffic in and out of Foster City during rush hour and exacerbate an already bad situation.
Jenni De Leon	Foster City, CA	2015-04-28	Increased traffic congestion and quality of life (what attracts people, residents, and visitors to the uniqueness to Foster City).
Stacy Vollert	San Mateo, CA	2015-04-28	I live in San Mateo Village. I have seen the traffic in FC grow exponentially in the past 2-3 years.
Win Reis	San Mateo, CA	2015-04-28	Needs to be a plan to SIGNIFICANTLY improve infrastructure before any more projects are considered. Look at the impact of Bay Meadows development that isn't even done yet!
william d. shaw	San Mateo, CA	2015-04-28	we are already over crowded and we do not need more traffic.
gladys ruiz	foster city, CA	2015-04-29	To prevent negative consequences of an overcrowded city
Shirley Yen	San Mateo, CA	2015-04-29	I'm against this new proposal of changing the approved plans to now 50 additional housing. We are overcrowded and should wait until all current construction has completed and evaluate before approving more housing.
Marlene Wasson	San Mateo, CA	2015-04-29	I have strong concerns about continued building in Foster City. Overcrowded schools and traffic congestion is my greatest concern. I also think the new building will detract from the FC lifestyle which includes green space.
Pat Celaya	San Mateo, CA	2015-04-30	I am against any further building in Foster City
Vineet Mathur		2015-04-30	I want Foster City to be a place to live with good infrastructure and less crime. And I want to live here for long!
Ray Seewer	San Mateo, CA	2015-04-30	We don't want anymore buildings in Foster City.
Joanna Seewer	San Mateo, CA	2015-04-30	We don't want any more buildings in Foster City.
Cathleen Leonard	San Mateo, CA	2015-04-30	Resident over over 50 years .foster Foster city is losing the charm it has held for the last 50 years due to overbuilding.
Sharon Bryan	Foster City, CA	2015-05-01	Traffic, Water and Quality of Life issues.

Name	Location	Date	Comment
Kevin Lim	San Mateo, CA	2015-05-01	Caution is better than regret
Alan Brown	Redwood City, CA	2015-05-02	I believe Foster City is already grown past what it was designed for in terms of residents and commercial buildings
Grant Cherrington	San Mateo, CA	2015-05-02	I am concerned about increased traffic and the impact on schools.
Yakov & Lyuda Lerner	San Mateo, CA	2015-05-02	The city is now looks like a war zone- polluted and crowded. It is now pleasure to walk the streets as it was 8-10 years ago.
amit saini	San Mateo, CA	2015-05-02	We need to understand the impact of current construction before approving new construction. Schools are already overcrowded and traffic is getting worse.
Lisa Chung	Foster city, CA	2015-05-03	We oppose to this project. Lisa, Shiun, Che I, Meiyong
Maggie Huang	San Mateo, CA	2015-05-03	I'm sign ask for a breather on new housr approval
Crusoe Mao	San Mateo, CA	2015-05-03	I'm signing in asking for breather on new housing approval
Charles Zhi	San Mateo, CA	2015-05-03	I'm signing in asking for a breather on new housing approval . It s too crowned .
Wendy barnett	San Mateo, CA	2015-05-03	there's no room for any more people. There's too much traffic already.
Cynthia Wallace	San Mateo, CA	2015-05-03	Cynthia Wallace
Michele Phaler		2015-05-03	Please no more housing. Our schools are overcrowded already. Keep Foster City what it is.
Najeeb Khan	hyderabad, India	2015-05-03	Because I am a concerned citizen who loves Foster City.
Rina Escalante	San Mateo, CA	2015-05-03	I grew up in Foster City since the late '70's, and I just moved back. I've been gone just over 10 years. I cannot Believe the Corporate greed that has taken over my hometown! Not just that, but because it is already so crowded, I fear for my life each day I have to cross the main intersections on E. Hillsdale... I am a multi-stroke survivor, and one of my strokes left me legally blind. It's a disgrace what this town has become, and you still want to shove more people in here?!? Pretty soon, we're going to begin to have a murder rate too, I bet... tsk tsk...
Sheriann Chaw	San Mateo, CA	2015-05-03	We moved to Foster City for the high quality schools. Overcrowding schools diminishes the administration and teachers ability to maintain the high quality. In addition, more high density buildings takes away the charm of Foster City that bright us here.
Katherine Murray	San Mateo, CA	2015-05-03	There are already too many high density housing units, creating more and more congestion for the schools, roads, especially getting in and out of Foster City during commute time. The rents are not even affordable for those already here needing housing. It just encourages more expensive housing for corporations to buy and rent to their employees. It is just a huge money maker for the developer and now corporations that are purchasing these units for their employees to rent. Corporations have gotten into the housing market where big profits can be made. Stop the "Stack and Pack" building. It hurts the community in so many ways.
Susan Sterrett	Foster City, CA	2015-05-04	I believe that this will cause increased traffic congestion, take away from the charm of the city that brought us here in the first place. I work at an elementary school here and we are already overcrowded. This was not the plan of the founders to change Foster City into a big city. We want our city to remain as our founders developed it in the first place. Where families can feel safe and enjoy our beautiful community. Not to mention the impact it will have on our water resources.

Name	Location	Date	Comment
Laura Moraros	Foster City, CA	2015-05-04	Foster City does not have the infrastructure to support additional high density housing.
Sarah Hegarty	San Mateo, CA	2015-05-04	Water shortage! And the schools are overcrowded as it is....students and teachers deserve more compassion.
Randall Lee	foster city, CA	2015-05-04	NO MORE HOUSING! HOW ABOUT USING THAT SPACE FOR A HIGH SCHOOL?
James Rawley	Foster City, CA	2015-05-05	We'll be overcrowded, & paid have high amounts for property so as to be living w/ some space from one another, NOT as they do in large cities.
V.M. VANDENBERG	San Mateo, CA	2015-05-05	I'm tiered fighting traffic every morning driving child to San Mateo school and pick up daily. sewer and water shortage, over crowded markets, people getting rude/nasty, and impatient in parking area's/grocery shops. Finish uncompleted construction, and lets see what we got after all's settled in. we can then discuss or next step.
Carol Cala	San Mateo, CA	2015-05-05	I am signing because I believe we do not need anymore high density housing in Foster City. There is way too much traffic as it is and our schools are over crowded. We need to ask ourselves what happened to our beautiful bedroom community and slow down on all this building for the moment.
Luke Bi	San Mateo, CA	2015-05-05	I want to save our city!
Joan Willey	San Mateo, CA	2015-05-05	We wont have a beautiful community. You can't see the trees. We will be a big city with a lot of cars.
Linda Davis	Foster City, CA	2015-05-05	Schools are already impacted. Traffic congested.
Jim Traceski		2015-05-06	I'm signing because it's getting crowded in here
ling wang	San Mateo, CA	2015-05-06	I am parents of three. I hate school being over crowded and overflow. I hate traffic getting horrible in city. Quality of life is lowered.
Bernadette Hsing	Foster City, CA	2015-05-06	I PLEAD WITH YOU STOP! the insanity of a few of you who have fallen into the GREED TRAP that you have put all of our lives in peril having permitted the construction in Foster City at a time we can least afford it! PLEASE come back to your senses and say NO MORE! For those who continue to stand against Foster City residents, we stand against you! On the other hand, we as Foster City residents will greatly applaud you and thank you forever for standing with us in saying NO MORE! With this I encourage every Foster City resident to show your gratefulness and appreciation for those who WILL CHOOSE to do what is in the best interest of the community at large... the citizens of Foster City.
danny gan	foster city, CA	2015-05-06	I strongly oppose building more housing units in Foster City. This small city is already overcrowded due to recent uncontrolled housing unit increase. The schools, retails, public facilities, and environment can not support more residents in this city. No more housing development!
