

Call for Bids – CIP 301-712 – Questions and Answers

EDGEWATER PARK SOFTBALL AND SOCCER RESURFACING PROJECT

Questions – as of 04/16/2024

Q: When is the due date for RFI's?

- Questions are due at 2pm on Thursday, April 18, 2024.

Q: What is the current system that is being removed? Turf, Infill, Current Pile Height, how old is the turf being removed, does it have a shock pad now?

- The current system is a FieldTurf Product with a crumb rubber infill and the turf is about 10 years old. The City does not have any additional information regarding the current system.

Q: Can you please confirm if there is a shock pad now that needs to be replaced or reinstalled?

- The current shock pad is Brock Pad. The Brock Pad is in good condition and will not need to be replaced. However, areas requiring rock fine grading and drainage will require shock pad reinstallation.
