CHESS

by Academic Chess

\$235

Learn chess in a fun, engaging, and dynamic environment. Our philosophy is to instill the love of the game. As a result, we're able to witness firsthand our student's developing patience, strategic planning ability, and critical thinking skills. They also come to understand that decisions, both on and off the chess board, result in consequences. Class caters to all levels and all participants receive our exclusive workbooks. If you have any questions regarding the program, please feel free to call (888)44-CHESS.

LEVEL-UP LEGO ROBOTICS

by Lando Interactive

\$360

Build something simple, then turn the dial — faster, stronger, farther. Each class is an arcade of levels built from a single daily challenge. Create using LEGO bricks and Technic parts, test until it works, then get teacher feedback on why it behaved that way. Sessions spotlight animals and machines that spin or lift — for example, grip-rolling alligators or towering elevators. Lando is a WASC-accredited, STEM award-winning program.

***This class runs for 2 hours.**

MANGA

by Nexlore

\$370

Explore and create your own manga!

Students discover this unique Japanese art form that's spread across the globe. Young artists take pencil to paper and learn the fundamentals that make manga so iconic like how to draw expressive faces and striking hairstyles. Even more, the instructor guides students through its history and cultural significance. As they develop their artistic skills, students add bodies, outfits, backgrounds, and dialogue to create their own characters and scenes. At the end of the course, students create and proudly showcase their own original manga story.
