SECTION I: INTRODUCTION

The City of Foster City (City) and/or the Estero Municipal Improvement District (EMID) (individually or collectively referred to as CITY/EMID) are seeking qualified consulting firms to provide construction management and inspection, architectural engineering, landscape architectural, and geotechnical engineering, water & wastewater engineering, corrosion/cathodic protection engineering, and cost estimation professional services to support the Engineering Division of the Public Works Department.

- The Engineering Division implements capital improvements projects (CIPs) in the following areas: Buildings, Parks, Stormwater, Lagoons, Levees, Streets, Traffic Signals, Water, and Wastewater. Projects and funding for the projects are established annually.
- The Engineering Division also performs design and construction oversight of the land development projects. The projects are created and funded by private entities.
- The Engineering Division performs other duties as required.

The purpose of this request for proposals and/or statement of qualifications is to create a list of qualified Consultants to perform work on capital improvement or other projects approved by the City Council, EMID Board of Directors, City Manager, and/or District Manager through fiscal year 2028-2029 AND/OR perform tasks that are identified on a case-by-case base for a base term of three (3) years which, at the discretion of the City/EMID, may be extended an additional two (2) years for a maximum contract duration of five (5) years.

The City/EMID has approximately 39 currently funded capital improvement projects in its current CIP and anticipates adding approximately 28 additional projects over the next five years. Information regarding existing projects and possible future projects and work are described in **Attachment 2**. The City/EMID may issue separate requests for proposals and/or qualifications for projects or work described in **Attachment 2**.

When CIP projects and other programs or projects become funded during the term of the proposed contracts, RFP/Qs submitted in accordance with this request may be evaluated by committee to short-list and select the best qualified consultant to provide services to the City/EMID. The service will depend on the size and/or technical complexity of the project or initiative, funding availability, schedule constraints and the type of services required. Upon selection of the best qualified firm for a given project, the parties will meet to develop a scope of work, schedule, and fees to mutual satisfaction. A Standard Consultant Services Agreement is enclosed as **Attachment 3** as reference. Prior to commencement of services, a Task Order / Notice to Proceed will be issued.

Projects and work described herein may not be funded at this time. Unfunded projects are typically referred to as “NEW CIP.” The City/EMID will not contract for work prior to funds being appropriated by the City Council/EMID Board of Directors.

Prior to commencement of services, the City Council/EMID Board, or City/District Manager must execute a contract or contract amendment for work.

Consultants are advised to examine all information in this Request for Proposals and/or Qualifications, including the attachments. Only submittals properly completed as instructed in this package will be accepted for evaluation.

The City/District reserves the right to reject any or all responses received as a result of this solicitation; to extend the submission due date; or to modify, amend, reissue or rewrite this document; and procure any or all services by other means.

Firms interested in providing one or more of the services identified herein must complete a **separate** RFP/Q Submittal for each Service Area (or subservice area for Construction Management & Inspection) using the information contained in this package. Submittals will be due:

At or before 4:00pm on Thursday, November 9, 2023.

Proposals shall be submitted in Electronic Format Only. Electronic Copies shall be uploaded to the following link:

<https://www.fostercity.org/publicworks/page/request-proposalqualifications-professional-services>

Any questions regarding this solicitation shall be directed to Ryan Marquez, by telephone (650) 286-3588 or via e-mail at rmarquez@fostercity.org.

SECTION II: GENERAL INFORMATION

Where in conflict, the terms of this Agreement supersede and prevail over any terms set forth in Exhibit B and in each Task Order.

1. Term; Termination.
(a) The term of this Agreement shall commence upon the date hereinabove written and shall expire upon completion of performance of services hereunder by CONSULTANT. Initial contract period shall be from [REDACTED]. The contract may be renewed subsequently in one-year

increments as follows: The second contract period will be from [REDACTED]. The third contract period will be from [REDACTED]. (c) CITY/DISTRICT may terminate performance of the Services under this Agreement in whole, or from time to time in part, for default, should CONSULTANT commit a material breach of this Agreement, or part thereof, and not cure such breach within ten (10) calendar days of the date of CITY/DISTRICT's written notice to CONSULTANT demanding such cure, in which case CONSULTANT shall be liable to CITY/DISTRICT for all loss, cost, expense, damage and liability resulting from such breach and termination.

(d) CITY/DISTRICT may terminate performance of the Services under this Agreement in whole, or from time to time in part, for convenience, whenever CITY/DISTRICT determines that such termination is in CITY/DISTRICT's best interests, in which case CONSULTANT shall be entitled to recover its costs expended up to the termination date plus reasonable profit thereon to the termination date as this Agreement would otherwise provide, but may recover no other cost, damage or expense. CONSULTANT shall continue its work throughout the course of any dispute, and CONSULTANT's failure to continue work during a dispute shall be a material breach of this Agreement.

2. Compensation; Expenses; Payment. A copy of CONSULTANT's hourly rates for which services hereunder shall be performed are set forth in CONSULTANT's fee schedule marked Exhibit "C" hereof, attached hereto and by this reference incorporated herein.

This notice requirement does not waive the insurance requirements stated herein. Consultant shall immediately obtain replacement coverage for any insurance policy that is terminated, canceled, non-renewed, or whose policy limits have been exhausted or upon insolvency of the insurer that issued the policy.

- 3.2 All insurance shall be issued by a company or companies admitted to do business in California and listed in the current "Best's Key Rating Guide" publication with a minimum rating of A-; VII Any exception to these requirements must be approved by the City/District Risk Manager.

- 3.6 Failure by Consultant to maintain all such insurance in effect at all times required by this Agreement shall be a material breach of this Agreement by Consultant. City/District, at its sole option, may terminate this Agreement and obtain damages from Consultant resulting from said breach. Alternatively, City/District may purchase such required insurance coverage, and without further notice to Consultant, City/District shall deduct from sums due to Consultant any premiums and associated costs advanced or paid by City/District for such insurance. If the balance of monies obligated to Consultant pursuant to this Agreement are insufficient to reimburse City/District for the premiums and any associated costs, Consultant agrees to reimburse City/District for the premiums and pay for all costs associated with the purchase of said insurance. Any failure by City/District to take this alternative action shall not relieve Consultant of its obligation to obtain and maintain the insurance coverages required by this Agreement.
- 3.7 Should any of the required insurance (other than errors and omissions insurance) be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defenses costs be included in such general aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limit specified above.
- 3.8 City/District may (but is under no obligation to) secure project-specific insurance, wrap-up insurance, or administer an owner-controlled insurance program ("OCIP"), in which case Consultant and its subconsultants shall communicate this fact to their insurance carriers and request that the risk of this project be excluded from their practice policies. Consultant's fees under this Agreement (and the fee of its subconsultants under subconsultant agreements) shall be reduced by the amount of insurance premiums that may be avoided by consultant and its subconsultants by virtue of the City/District's obtaining the project-specific insurance, wrap-up insurance or administering an OCIP, and the exclusion of this project from coverage of Consultant's and subconsultants policies. Construction Manager and its subconsultants shall afford City/District access to their books and records and cooperate with City/District in verifying the amount of savings realized.

The requirements contained in COVID-19 Proclamations issued before submission of a proposal are not Unknown COVID-19 Conditions, and the Consultant will be deemed to have knowledge of those requirements.
- E. An "**Unknown COVID-19 Cost**" is a cost that: (i) is solely attributable to an Unknown COVID-19 Condition; (ii) is reasonable under the circumstances; (iii) is not the result of the Consultant's failure to comply with the contract documents or a COVID-19 Proclamation; and (iv) is not the result of a subconsultants failure to comply with a COVID-19 Proclamation in connection with the performance of the Services.

2. COVID-19 Conditions and Proposal. Consultant is expected to know and is deemed to have known about COVID-19 Conditions when it submits its proposal, and COVID-19 Conditions must be accounted for in the Consultant's price and schedule. In order to be entitled to any relief from a COVID-19 Condition, the Consultant must demonstrate that the issue, cost or delay is due to an Unknown COVID-19 Condition.

3. Compliance with COVID-19 Proclamations.

- A. Consultant shall comply with COVID-19 Proclamations in the performance of the Services, irrespective of when the COVID-19 Proclamations are issued, and as they pertain to performance of the Services. The cost of such compliance is non-compensable, except as otherwise expressly stated herein.
- B. Consultant is responsible to ensure that its subconsultants and suppliers comply with COVID-19 Proclamations at all times in connection with the performance of their Services.

4. Delay. The Consultant is entitled to a reasonable time extension for an Unknown COVID-19 Condition. Such time extension is non-compensable.

5. City/District Directed Suspension. The City/District may suspend Services due to COVID-19 health concerns, even though the Consultant may be allowed to proceed with the Services based on COVID-19 Proclamations. The City/District may suspend the Services for its convenience. The Consultant is entitled to a time extension for a City/District Directed Suspension, and the contract amount will be equitably adjusted if and to the extent Consultant incurs increased costs that are Unknown COVID-19 Costs.

6. Compensation for COVID-19 Costs. City/District will reimburse the Consultant for costs attributable to COVID-19, and which are not included in the schedule of values, only if the cost is an Unknown COVID-19 Cost.

7. Safe Work Practices. Consultant shall implement safe work practices recommended by CDC or OSHA or Cal/OSHA, which may include, inter alia, screening all employees, subconsultants, or others (“worker(s)”) at all locations where Services are performed for signs and symptoms of COVID-19; adopting staggered work schedules, e.g., providing alternating workdays or extra shifts, to reduce the total number of employees on a site at any given time and to ensure physical distancing; identifying choke points where workers are forced to stand together, such as hallways and elevators, ingress and egress points, break areas, and buses, and implement policies to maintain social distancing; coordinating deliveries in line with the employer’s minimal contact and cleaning protocols; and instituting a rigorous housekeeping program to reduce dust levels at all exterior locations. Consultant remains fully responsible for following and complying with changes to recommended safe work practices from time to time.

8. Monitoring and Reporting. City/District may require the Consultant to actively monitor the health of its workers through temperature checks and questionnaires of major COVID-19 symptoms, including but not limited to cough, fever above 100.4 degrees Fahrenheit and shortness of breath. Consultant shall immediately report to City/District any outbreaks of COVID-19 among its workers. The Consultant shall not knowingly allow any worker who has tested positive with COVID-19 to enter a City/District building. In the event of an outbreak or an exposure to COVID-19, the City/District may impose appropriate mitigation strategies which may be in consultation with the public health officer.

9. Conflicts. In the event of an inconsistency between this COVID-19 Amendment and the Agreement, this Addendum shall control.

IN WITNESS WHEREOF, the City/District and Consultant have executed this Covid-19 Amendment as of the date set forth above.
