

FOSTER CITY

Bicycle and Pedestrian Master Plan

The Foster City Bicycle and Pedestrian Master Plan (BPMP) is an important step to enhancing the existing walking and biking network and identifying opportunities to create new connections. The BPMP aims to make walking, biking, and rolling in Foster City safer, more convenient, and accessible for everyone.

Goals of the BPMP

Expand Access

Provide residents with safe and convenient infrastructure for all ages and abilities

Context Sensitive Design

Develop solutions that reflect the thoughtful design, needs, and constraints of each neighborhood

Safe Routes to Key Destinations

Prioritize safe and comfortable routes to schools, parks, and other every day destinations to support active transportation

Adaptability and Resilience

Plan for future needs by creating flexible infrastructure and policies that can respond to evolving travel patterns and community input over time
